

ONE STICK IN MY HAND

by Dr. Wesley A. Swift---1-3-70

In the 37th chapter of Ezekiel, --the word of the LORD came again unto me (Ezekiel) saying:--Thou son of man take thee one stick and write upon it for Judah, and for the children of Israel for his companions. Take thee one stick, one maize. In other words this was the one stick, the mighty shillelagh, this was a great maize, signifying a mighty kingdom. Thus, take this stick for the house of Judah and his companions. And then take another stick and write upon it for the house of Joseph and all of his companions. This will include Ephraim, and all of the house of Israel his companions. For this mace, this shillelagh, this is also a great and mighty stick IN MY HANDS.

We have of course the patterns of prophecy being fulfilled with exactness by the Israel people. And it seems so hard for us to understand some who will not see the mystery of God's house of Israel, where they are located, and as to what this means. The last three weeks have been stepping up the picture, and forcing the definite conclusion of evidence the bible will support concerning these policies.

The house of Judah, a small amount of them had gone out with the house of Israel after they were released from their captivity in the days of Medo-Persia. Some of them had gone into Greece and other thru over passes, and into Europe where they settled. And that small group of Judah which went with the house of Judah at that time were known as Goth.

Now; remember that this small branch, altho quite a number were still a small branch when compared to the rest of Judah. But they entered into Europe with these migrating people. The Anglo-Saxons, the Anglos, the Scandinavians and all of those people who entered into Europe at this time. Those Israelites before them some settled and became known as Greeks, and the white Italians were of the tribe of Gad. But the basic movement was thru the Central part of Europe, and into the isles of the sea, and then on up into Scandinavia.

The Goth took up their residence in the central part of Europe, They were a civilized tribe, but they were known as a warlike tribe for they were constantly battling the war like tribes that came out of the eastern slopes of the mountains of eastern Europe and across the Volga and they were in constant battles. But they built cities of stone, and well-designed masonry. The Roman Empire then constantly referred to these people as barbarians. But this was not unusual for they actually called the British people barbarians as well. In fact in those days there were legions

of the Romans marching up the coast of France, and as they actually invaded the isle of Britain they talked about the Barbarians they were fighting. In fact they actually said that these barbarians that they fought had an equivalent of Christianity like that of Rome. And they talked about the beautiful churches and cities these barbarians had. And about their land and they thought that these people were not savages, but they were just savages because they disagreed with Rome. This because they quarreled sometimes with Rome then they became called Barbarians. And they were compared and classed with Attila the Hun, who had been successful in their sweeps against Rome, so they said the Barbarians were coming against them. Even tho their equipment, and their homes and their land was so great and they had great cities. Even so, Rome called them barbarians.

Now at the time of Christ, the people of Judah and Benjamin were largely living in the area called Galilee, and the city of Jerusalem had been taken over largely by the Jews, the Edomites and actually they had taken control of the head of the Temple Priesthood. So these Jews at the head of the Priesthood were Canaanites. Jesus established this fact for he said that their father was a murderer to begin with. He was speaking of Cain. And he qualified this so that the Jews of Jerusalem were in no sense of the word descendants of Abraham. In no sense of the word were they then the people of His Israel.

But Judah and Benjamin were of the Tribes of Israel and these people were now down in Galilee. And as HE identified Judas of Iscariot as one of his disciples he also identified him as a Devil. And one of those of His disciples was a Devil but HE wanted the other disciples to understand this. Then Jesus thereafter had to walk in Galilee because the Jews sought to kill HIM. Therefore he could no longer walk in Judea, or among Jewry because they now sought to kill HIM. There were men of Judah who lived in Judea at that time, but the fact remains that the power in control was of the ancient Canaanites, and Hittites. Many of them had come from the isle of Pergamos where Herod and his family came from. And Jesus said in the book of Revelations that this was where Satan's seat is.

Now; It should be pointed out that after the crucifixion and resurrection of the Christ, that tho these Hittites had said:--'let his blood be upon us and upon our children.' Where as the great multitude of the people of Benjamin and Judah who had thronged the roads, and had listened unto Jesus, on the hillsides, on the roads, and on the boats as he spoke, and many were accepting that HE was the Messiah. And of course after the resurrection and people started to preach the Gospel then the people of Benjamin and Judah became Christian in great groups. Almost all of Galilee became Christian. And most of those Judeans who were left in the land who were of Israel became Christians. In fact in the first few years of the church the numbers who became members were in the thousands, and then it became thousands. There was three thousand one day and another day 5000 and they

increased in number quickly in their acceptance of the Christ, as the true embodiment of God, their true Messiah, and their proper king.

Now; we notice that the Jews had become operators in the Roman Empire which operated in a strange way. And the Jews paid thousands and thousands of dollars to the Emperors so that they would abuse the Christians. They would have them crucified down in the coliseums and had them thrown to the lions. You would always find some individual high up next to Caesar, who could be bought to crucify Christians. Sometimes they would have a good Caesar and sometimes a bad Caesar.

Then came the day when Titus the Roman marched against the city of Jerusalem. But long before this the city of Jerusalem had gone into revolt. And they actually threatened the Roman Empire, that if they did not go along with the pattern of organized Jewry, that these areas in the Aegean Sea and Palestine, that they would create a catastrophe, and they would pull all of the money out that was behind the Emperor, and bring down the Empire. Well the father of Titus the Roman was a good Emperor at that time in Rome. And he said we do not have to take this for we will move against their headquarters which is now at Jerusalem. We will make them pay their taxes. And this gold and silver they are holding back here against the Empire we will try to gather up. and this was going on for several years before the invasion of Titus the Roman.

In the meantime the Israelites of the Judahites, and Benjaminites had petitioned the Roman Empire that they be allowed to migrate out of the land of Palestine. And this was permitted as they said that they wanted no part in this rebellion. They sent their petition to Rome saying that they wanted no part in it, and that they did not have the gold or the money, they did not want to be involved, and that they wanted to migrate.

Thus, Titus the Roman permitted this. And those of Judah and Benjamin left in the old holy land then came out of Palestine and came over into the heart of Europe and they joined with the Goths. Thus now they were the Visigoth as they joined with the Goth. And some of Benjaminites continued into areas known as Prussia, and they went into Scandinavia and joined with other Scandinavian houses. And they established their symbol over Iceland. And today this is where we see the inheritance of the Benjaminite. For this is one of the northern point unto which they had moved.

However what we want to point out to you is that the House of Judah, and the House of Israel was definitely a reality. Jesus, himself talked about the reality of the 10 tribes that were not of this fold which was found in Judea at that time. And one of the things that Jesus told his disciples was that one of these days the Jews would be looking for him but they would not find him. And the Jews said, where can he go

but over to the cities of Ephraim, for that is one place we are not allowed to go. One place they were not allowed to go was over into the area of ancient Britain and they thought this was the area that Jesus was talking about. For Jesus did travel on the ships of Joseph of Arimathea, before his ministry. And once during his ministry went over there and back again in those ships.

Now; then the Goth and the Visgoth were in central Europe, and this unified the Germanic people in the heart of Europe. And at this time we see again that Anglo-Saxondom was well established inside of the British Isles. And in Scandinavia and various other areas were branches of this House of Israel. And God said concerning this --I am going to take a stick "I am going to take a scepter club, and I will put on this --for THE STICK OF JUDAH AND HIS COMPANIONS. And then I shall take another stick and write on it for the stick of Joseph, IN THE HAND OF EPHRAIM, AND FOR ALL OF THE HOUSE OF ISRAEL HIS COMPANIONS."

Now; the people of Germany were Christian people. I want you to know that their Christianity existed as long, as an established status inside of Germany as long as any of the Christian communities inside of Europe. In the days of the disciples, in Britain there was an active Christian Church. In fact we want to point out that Joseph of Arimathea owned ten hides of land. And these lands were made into the first Abbetries inside of Britain. And we say that the disciples went to Britain as did Mary, and the Abberty and these teachings became a great and mighty force in that first century. In fact right after the ascension of Christ the transferring of most of the family of Christ took place. And Joseph of Arimathea used his ships to take them over to Britain. Not only did they carry an Evangelistic message but most of Britain became Christian. And then they sent out missionaries to the other countries of western Europe and over into Scandinavia and all of the surrounding territories. And while this was going on there came messengers into Germany, and Germany recognized as did the messengers that this was the house of Judah and they started to accept the message of the coming of The Christ. In fact, my friends, this did not come from Rome, but from the messengers who carried this message into Germany. And the seven Princes of Germany then decided that Jesus was the embodiment of God. And HE was the great and mighty leader of the Valchrey and they would rise and fight for Christianity and for the message of The Christ. And now they say that of course this was just a myth. There was no such a thing as the Valchrey, it was just a pagan concept. This being the belief that when they died they went into heaven and then rode in the mighty armies of God. Until HE comes back and joins the people of earth and destroys the powers of darkness. In fact this was not so far off from that belief as of right now, for we believe that we who are here at that time will join that army for a great victory. Thus, Christianity took hold in Germany.

Now; we want to point out that the war lords of Rome were expanding their program. And in those days when they expanded their program to conquer the

heart of Europe, they were called Barbarians when the fighting commenced. And they talked about how many people had been swallowed up by the Barbarians.

Now; the people in book lore said that the people of Judah and Benjamin had been swallowed up in their lands by the Barbarians, who had swallowed them up had enslaved them. But this, my friends, is not true, for Israel had just been joined as one great and mighty people. More than this as the expansion of their households and families grew they became a part of the Germanic country and they were Christians, and the seven Princes who ruled thru out 30 years established the faith of Christianity thru out Germany.

I want to point out that in the days of Genghis Khan that organized Jewry had established Genghis Khan. They sent a Chinese Jew over to the Mongols and they established the money for an attack on Christianity. And thus they set in motion the attack on Western Europe, on Christianity, by Genghis Khan. And they then opened up Sammerkahn and Baghdad and established a passage way for the Mongrel hoards. And again it was the Knighthood of Germany and of Britain and other various portions of the Empire that came out to fight against the hoards of Genghis Khan.

But I also want to point out that as this took place it was said by the Knights of Germany that they should hold back the forces of Antichrist. And it was in the days of Martin Luther, he clearly discerned that this was the armies of the Antichrist that was coming against Christianity coming against the household of the Most High God. And he called for the German Princes to hold out against them. In fact in the days of Soviet Russia, in fact long before the Soviet Union was formed, the Mongrel Asiatics were coming thru the Himalayan passes, and they also attack Russia, and they tried to attack Finland. So Germany held a council and they selected a Prince and a vast company of people and they sent them over into the Russias, to hold the line. As they came into Russia they established themselves in a line, and in Moscow where an ancestor of Genghis Khan had established himself, they won a great victory. And they established a white king line there called a Czar Khan. And this word Czar Khan then actually came out of the background of Genghis Khan's court. And they established a white Christian Czar, who was a king out of Germany, and he became the first Empire of the Soviet Union, or old Russia. Thus, all of the white nobility of the Russias came out of Germany.'

And thus white Russia was thus formed. And those people down in the Ukraine were Slavic people and they unified with them. But it was the brilliance of German maneuvering that established what became known as the Czar inside of Russia. Thus we point out to you that this was a Christian society, of white people.

Now; going back to that time of this division, and looking on the map for signs of Israel, then one of the great marking signs of Israel was that it was Germany that was on the east side, or Germany to the eastward. And this did also take in those

forces of Issachar and the other forces of Israel that moved up in the Russias at that time.

I want to point out to you that the Princes and Princesses of Germany or the intermarrying with the Princes and Princesses of Britain then brought about the fact that Kaiser Wilhelm of Germany, and King George of Britain and the Czar of Russia were first cousins. Then if all these kings are cousins than this was one family ruling over all of the house of Israel. By no stretch of the imagination then could the king of Germany be an Assyrian, while the king of England is from the house of David. This would not even logical for they were all first cousins. They were a great and mighty people. A Christian Empire--both Catholic and Protestant.

And thus they were always ready for this onslaught that came out of the east. Thus we discover that God said that he would make Judah a war like people and we find that they were. But they were also a great civilization, a great culture and a mighty people, here in the heart of Europe. And thus God said that I am going to take one stick and write upon it the name of Judah and the Israelites his companions, in the latter days.

Then HE talks about the house of Joseph. There is no question but the Anglo-Saxon people had become a great house. There is no question about the greatness of the British Empire. Some years back the British Empire covered the world. The British flag flew over far flung places. As Britain formed colonies and outposts of trade. Reaching from Britain to America eventually for freedom of the Seas belonged to Britain. For Britain was another country that started in far off times, and from the days of the Apostles has come down to our time, but totally Christian.

And I will make a new covenant with the house of Israel and with the House of Judah after those days. I will put my Spirit in their hearts, and a heart of flesh, when I make this new Covenant with the House of Judah and the house of Israel. There must then be a great force, a mighty power that represents Judah, and a great power and mighty force that represents the House of Israel ---this civilization, and Anglo-Saxondom. And of course America is one of those great civilizations of Anglo-Saxondom. Of course the great conflict that took place between America and Britain was in the hands of international Jewry. For these people were not to be taxed without representation, and we then became the greatest nation on the face of the earth today. The British Empire has been dwindling the past few years because of the massinations of the United Nations in the hands of the children of darkness. But America has remained as so has Britain a force of great strength. But the people of Canada and Britain, and Australia and wherever these people settled and the people of America still prove that this great heart of Anglo-Saxondom is still the stick of Ephraim in God's hand. And the throne line in Britain is still that throne line which runs back to David. For under the covenants of God who said:---as long as their are stars in the sky, never shall their lack a man to sit upon this throne.

Therefore God says that he wants you to take this great war club, mark on it for the house of Judah. Then take this great war club for the house of Joseph, and mark on it for the House of Joseph, and all of the children of Israel his companions. Then unify them in my hands and they become one great and mighty club in my hands. And then God says that he is going to take up that club and use it for his advantage.

Now; many people say after World War I and II that this would never happen. Never would these be joined together, they would be always enemies and would only fight against one another. Well if you would drop all propaganda, you would recognize that it was organized Jewry that threw one Christian nation against another Christian nation with the avowed purpose of destroying Christianity. You do this and you find that we have been the suckers and the Jews have been reaping the profits. Remember the day that Rudolph Hess flew to Britain on an arrangement by the way, to see Winston Churchill? But we find that Mr. Churchill was forced to hold him prisoner to satisfy Mr. Morgenthau at the request of President F.D.R. Thus that is why Mr. Hess never saw Winston Churchill, for the Jews were planning something else. The Soviet Union had already invaded Finland and other nations. They did not want war with Britain or the U.S. they wanted to turn the east loose to attack the west and destroy in the end Christianity, wipe it off the face of the earth. Of course they have conspired to cover this all off but we can establish this from the records in various libraries, as to the events that transpired at that time.

But God said: 'I am going to take the Stick of Judah and the Stick of Ephraim and make them ONE stick in MY hand.' Thus since World War II, then America has established and maintained a rather large army inside of Germany. Why? --To hold the Peace? But we did not have to maintain a standing army in Europe to hold the Germans in place, we did this to stop Russia from gobbling up the rest of Europe. Lets face it, we have been fighting cold wars, and hot wars ever since World War II. In fact General Patton saw this truth and he said that we had been fighting the wrong people. We should have never stopped until we reached Moscow. These are the words of General Patton one of the greatest generals we ever had.

Well, then came some strange circumstances. We told Hungary that as they battled for their freedom we would come in and help them. We were going to give them the weapons. But as the ships came supposedly loaded with those promised weapons we had tipped off the Russians and it was Russians that were beneath the covering of the boats and they killed all of the Hungarians who came to unload the barges. Then they fanned out to get the Generals and those who were rising up. So the Hungarians were betrayed by members even in our State Department. America should hang her head in shame because she allowed this communist influence here in America. If we are to hold our head up high, we will have to put every

communist in jail or ship them out of the country. No communist should be permitted to live inside these United States of America.

Now; this attack continues for now Russia has divided Germany. Many have been taken over and the country is divided between the east and the west, and many fled to west Germany but the others are now behind the Iron curtain. And now the whole heart of Western Europe is a strong center of Russian invasion. More than that the debarkation line across Europe marks the influence of the Soviet Union. We have know for some time that the Soviet Union is building up power, tremendous air power. If you will turn to the Los Angeles Examiner this morning, you find that the Soviet Union is building 5 times as many war planes as we have. And if we started right now to build we could not build enough to get ahead of Russia for many years. And more than that it is reported that all over western Europe in the Soviet zone, they have brought in these battle planes and they are ready to move. There are 17 divisions of troops on the German border.

So the Soviet Union threatens Germany every day with this promise to invade Germany. The Soviet Union claims they are worried about Germany's ability to build a neutron bomb, so they put pressure on our congress to sign this nonproliferation treaty which was being pushed in the Johnson era. So our president says we will not stand by for a Russian move into Germany such as occurred in the Slavic states. So the Soviets say--do you think you have the strength to stand up to us? You do not have the strength for you are already tied down in Asia.

Thus the Soviet Union threatens, and they are saying that Germany is talking to America. Ant then Spain comes out and gets in the debate, and appeals to the United States. And that ruler says that we have three million men who will die helping to keep Russia from rolling over Europe.

So Spain wants to sign an agreement with America and Germany wants to sign an agreement with America. And Germany has called up 200,000 men and 100,000 auxiliary policemen. But this may be just a drop in the bucket of the number that she may be able to raise in a moment. All this is going on while in America the people want big buildings, and roads and all kinds of entertainment facilities. But you better build up an army big enough to protect yourself before anything else. If you have any money you better get strong, and get strong fast, for you are going to need every weapon that you possess.

Now; many people do don't know there is anything going on, but the heathen are getting ready to march. And altho we have had an alliance for some time, now it is ready, for at the first sign of troops on the eastern border, of movement we will be ready to defend Germany. So here is a strange situation. There is Germany (Judah) on one side, and Spain on the other and the United States, and Britain has to go along with us, as we come into this anti-Soviet alliance because we are worried about this war. It was only 20 years ago that you were fighting Germany and even

Spain. But now you have all of these nations now in alliance against the Soviet Union. Thus this means that again Christian civilization is beginning to wake up, and they will not be driven from the face of the earth. And Christian Civilization is once more going to fulfill this important area of prophecy. Therefore the Lord, God says that He will take the stick of Joseph which is in the hands of Ephraim, and his companions and then I am going to take the stick of Judah and his companions and make them one stick in MY hands. And we are going to smash the heathens.

Thus, my friends, we are getting close to the fulfillment of this one area of prophecy. Thus Russia is getting ready to gobble up Europe but she does not want to move quite yet for she is still not sure that she will be successful. So this is coming and then America and her allies will move and even Scandinavia will come in on your side.

So what do we see here but this great one stick of mighty power in HIS hand, for this is what is said by the Most High God.

And I want to bring this out for you that 80 percent of all of the weapons that come into Vietnam are coming from the Soviet Union. And the man power is coming from Red China. This is the reason you are having trouble in many places in Asia, and in even Korea. This is the reason why I pray that God gives us men like General LeMay who said that he would rather turn all of that country into parking lots than sacrifice American boys.

Thus we stand at this moment at a prophetic hour and also at an historical hour. For this is the hour when we find that the Most High God has spoken out concerning these things. Over in the 37th chapter of the book of Ezekiel then God says to Ezekiel:---'Go out there and take a look at the house of Israel. And as Ezekiel looks he says all he sees is a boneyard. All I see is a valley of dry bones. But God says:--Can these bones live? And Ezekiel says but only you LORD know this. So God says:--I want you to go out there and talk to these bones, and tell them that I want them to come together. Bone to bone, and sinew upon sinew and then they shall bring on flesh, and they shall stand upon their feet---the great any mighty camp of all of the House of Israel. And then God says:--I am going to pour out my spirit upon my people, and take them out of this conspiracy that they have been swept into, and they will be a great and mighty army in the hands of the Most High. Then we are going to denounce this power of evil that has come in, and take over from you. But God says that he is going to drive them out.

Well, my friends, I think it is about time that we threw out all of the Assyrian Jews, and that we took control and cleansed our schools. It is about time that we sent these people packing out of America, and out of our civilization. In some areas this is not going to be so easy for we have many of them dwelling in our cities. Just as here in Los Angeles from Fairfax on, there are more Jews dwelling here than in any city in Palestine. And in New York there is also a great gathering of them and in

other cities and behind them is this mass destruction as they try to destroy your society.

So God says whether you like it or not, this time I am bringing together these two houses of Israel and making them one stick in my hand and they shall finally know the true meaning of this prophecy and the cities of Asia will find heir one hour with the Antichrist ending in powder and dust, from the burning stars that move over their skies.

So now you say but how will we be able to handle this situation? Well you will handle it for God has said that you will. He has promised reinforcements from the heavens. And you are going to see the rising up of men in our land, for a lot of them that want to mix the races, and want to surrender are going to die right here they are not going into the next land of rest, (the millennium) they are going to die right here.

We do not care what the President wants or what anyone else wants. We only care that the Almighty has said; THIS SHALL BE. It is going to take someone bigger than we have seen raised up in the last few years, even bigger than the president. It is going to take men who believe in God, and believe in destiny, and Men committed to bringing that Destiny to conclusion. And I am telling you that you will not have Peace until you have brought into being, the kingdom of our LORD, Jesus the Christ. Thus we remind that God said HE would make them one stick in his hand. Therefore we are not going to listen to some of these professors now in our Colleges, who are trying to destroy all that we have created we are going to remember that now this prophecy is speaking of ALL OF THE HOUSE OF ISRAEL.

Now; we are going to see the kingdoms of this world become the property of our LORD and His Christ, and that will happen before long before the time has expired for many of you here at this time.

End of message.

SIGNS IN THE SKY

By Dr. Wesley A. Swift---1-4-70 (given in the 60's---history)

Along about the middle of September, shining out of the sky from beyond the darkened areas of the moon came ships on the move. People watched them expand and grow in size. And from the various observatories which they passed it was estimated that they were moving about 1,500 to 2000 miles per hour. They saw these fleets high up over the mountains of Colorado. And these moving lights swerved

and turned to the north and dipped down over a high ridge, and no one saw them again. This was the beginning about two weeks after that the announcement came out that we had landed some flying saucers, created by the U. S. of America which had been making a unique study of these so called flying Saucers. And that this had been a very closed operation, concerning our areas of defense.

Well we had had certain information as to whether this had transpired in this manner. We discovered that there was a high plateau somewhere in Colorado that was the area of these secret sightings. We discovered that this project was conducted at one time under the chairmanship of Col. Lindberg, who was in the air force. But one thing that he demanded was that there would be no Jews in this work which he was conducting. He suggested that if you brought the Jews into the operation that they would always be suspect as spies of the Soviet Union.

Of course there was quite a clamor over this for they said but this is the United States and we cannot discriminate against anyone. Well then Col Charles Lindberg then said:---If this cannot be then I do not want the job. He said---remember when the Atomic secrets were taken and then given to the Soviet Union. It is the feelings then that if you include the jews in this project all facts will be sent to the Soviet Union. Just as it was before, as it was done 100% by the Jews except for Elizabeth Bentley who was married to a Jew.

Now; we do not know all there is to know about this, but we know that is how it started out. But we do know that the U.S. government was studying about these flying objects. More than this ---since 1948 flying saucers have been seen flying over the united States. They have been seen flying over the high places such as Mount Hood, in Washington state. They have been seen flying in formation over parts of Utah, and over New Mexico. And they have been reported as flying at 4000 miles per hour. They have been photographed and all of this has been reported by the people as something they were seeing. At the same time something was going on. The U. S. Government would come out and interview someone who had seen some of these U.F.O. and then tell the person that they did not see anything. They would say that they saw a weather balloon, or something that came from a cloud, or something like that, but they would deny that there was anything like that visible. Always they would explain this away, but the people who were seeing something were not satisfied with the explanation. And some people were not at all satisfied with this explanation for they had seen such things moving across the sky. Thus the people were more and more becoming convinced that these were crafts maybe from outer space or from other areas, having landed on the earth.

So for 20 years we have had the government arm investigating the flying saucers, and saying there is nothing to this story they are seeing stars on the move, or other things which explain the situation but there are no flying saucers. They were maybe swamp gas, or weather balloons, which people saw quite clearly. There were however photographs, and we did some of this ourselves and we knew what we saw. We photographed a whole fleet of them coming down in Owens valley in California,

one after the other. We could see them, and we knew they were circular objects, and they had a slight color. But we did photograph them and no one was going to tell us that they were weather balloons moving in formation. And we do not have much swamp gas here in California. But anyhow this was just a part of that strange situation.

These were ships not too unlike those described by Ezekiel. AS he writes about this, saying that ---Behold a great whirling object came out of the north, and it unveiled itself unto him. And there was a shimmering quality of light about the crafts. And in the midst of this bright light were living creatures. And one of the living creatures got out of the craft. But when the creatures got back in the craft, they flew away. And Ezekiel said that there were great circular wheels that went all around the objects. In other words the discs were perfectly round, and they were referred to as wings for this was the only things that moved that the craft possessed that he saw. Ezekiel described it and then the translators had a time describing what Ezekiel saw. But after all when they were translating the King James version they did not understand what Ezekiel was telling them. Today they would call it a flying saucer but back then they were talking about ---how could a thing have round wings. And have windows all round it, then how about living creatures. That was a hard thing for them to translate. But they talked about them, how these crafts came, some of them single and some in formation. And how they moved at terrific speeds, and how they roared like a giant waterfall. And how at times they could become invisible to those people, who were watching them.

And they said that these living creatures had the appearance of men, as they traveled inside of these crafts, and that they moved across the sky with the speed of a flash of lightening.

Now; that is just like a flying saucer. For when some of these move across the sky at 3000 or higher speeds per hour they are moving fast. And that is what Ezekiel said they looked like at that time. But Ezekiel also tells you that he saw them and that they finally came down on the plain of Shinar. He may have been frightened but he was also curious, and he went out to look at it. And as he stood there looking at it then out of one of those crafts they opened up a door and took a throne out.

And Ezekiel was right there on the spot and he saw this happen. And Ezekiel then fell on to his knees before this one on the throne. But YAHWEH SAID:---Come Ezekiel stand up I want to talk to you. I am going to tell you what you are going to do. And the message that you are going to give to the children of Israel. I am going to tell you as to all of these things that you are going to do. And of course Ezekiel gets to ride in one of these saucers. They take him around and he gets to know what it is like to ride in one of these chariots of the Most High.

This was just like the crafts that the Most High rode in when he came to deliver the Children of Israel out of the land of Egypt. His craft was one of them that hovered above them by day and by night. And it was this kind of crafts that came when he delivered the law unto Moses. And inside of the scriptures it tells you

that YAHWEH CAME WITH TEN THOUSAND OF HIS SAINTS, HIS BELIEVING OFFSPRING WHEN HE CAME TO DELIVER THE LAW UNTO MOSES, and he flew over mountains and came down then on Mount Sinai. And after delivering the law then the crafts went away. And we find that this was not a single operation, for thousands of the people of the Most High came with HIM at that time. But people have not paid much attention to this fact that back in those years that the Most High came in. He sailed over Mount Payran and then settled down on mount Sinai. In fact I doubt that there is a minister in all the Christian churches would tell you that the LORD came in with great crafts, with the Saints (believing offspring) of the Most High, and sailed over those mountains. In fact they probably don't think that God came all of this way. They probably think that he was on the mountain and he handed Moses the law and that was all there was to the story. But we see these things now transpiring in the sky and we then read that God came with this great host out of the heavens.

Thus Angels or messengers came and went out of the heavens in these great space craft. And then we read that on the mount of transfiguration that Christ was there and was manifested. And that two men stepped out of this same cloud, and told the disciples that this same Christ would return as they had seen HIM go. All of these things are in the scriptures but people have ignored them, and not understood them, thus this helps to make an area of confusion. But now as they see some of these things coming to pass, they are beginning to search the scriptures.

But I will tell you something. You do not find many things today that you do not find listed in the scriptures. And today you find that the scripture contains most of these facts.

Of course we had the confirmation of the government all of the time that there was absolutely nothing to this flying saucer business. But all of the time in Washington the experts, and scientists were studying the reports that were coming in. They were getting reports that these ships were being seen, and that they were manned, and they moved at tremendous speeds. And people were wondering just who was driving those crafts for to them this was a real sighting. There was something there that they did not understand, and the whole thing moved with such speed. Surely our government had not found the answer to the flying saucers speed. But what was the truth.

The people were told that the government was studying this, but the whole world was watching for the Soviet Union was also studying and working on this mystery of the flying saucer. Both had been so working since W.W.II. We thought that they were maybe from the Soviet Union and they thought that they were ours, and at the same time no one wanted to admit that the secret of the flying saucer had been solved. German scientists were working with the U.S. Government and those

taken into Russia were working for that government, but also hoping for the best for the west. Both were working on solving the power for these flying saucers, for some veracity which would move the ships at the speed of light. And protect the men who flew them at the same time.

Of course the German scientists had come up with the metro-magnetic force, and then American scientists working with the Germans who had come over here had also mastered this force. And they had also found a way to measure the distance between solar systems. And they found that there was always a force back and forth between the earth and the sun. And also between the earth and the moon. And they also found that there was energy from the orbits that could be translated into energy and power. But they have not quite figured out how to package all of this energy and apply it to practical use.

Now; we well understand now that magnetic force is of a different nature. But in their laboratories they have worked on this mystery until they have been able to move these crafts that we have built. Well this project was set up high in the mountains of Colorado. And we understand that they worked on different types of ships and finally there emerged a type of flying saucer, that would move at a fast speed, say over 2000 miles per hour. We do not know too much about it but we do know that they came out a few weeks ago and said that these pictures of these flying saucers had emerged as the product of a military adventure, and the most important project that we had engaged in for a long time. But it was still to be top secret, but they now knew how it moved and how to operate it.

So we read this report and we thought that the next day the news would be full of this story. But the next day there was no mention of this.

But I want to tell you that to begin with then Col. Lindberg did not want to head this work if they were going to let the Jews in. But now they are going to have the Jews in on it or all hell will blow up. But of course since Col. Lindberg left the project then of course we believe that they had been in on it at least enough to find out what is going on. And then the Soviet Union will have the secret and the pattern. Anyhow this is one of the great and wonderful developments of our times.

Now; we know this and that also it was only nine months ago that the government wanted all of the records of the reporting on this subject. They wanted all of the records and information for these were flying objects that were coming from outer space, and they wanted all of the information they could get on this subject.

So every month there had been reports of seeing these ships and this informant was being brought out.

Now; we understand that the Soviet Union is frantic. They sent out the information that they have discovered the secrets of the flying saucer. And more

than this they say that they have had under observation some of these crafts, far longer than it took for us to develop this flying saucer. But the government wants all of the information they can get as they ponder if all of these flying saucers are from the United States.

Well, we have been very much interested in this subject, and also as it comes from the Soviet Union as to those flying objects they claim to be seeing. For the Soviet Union is getting ready for wholesale war on the United States and the western world. Not only war against you but also against Germany and the countries of western Europe. But now if there is something that they do not have, and can maneuver better than their military then that creates a crisis in their military strategy.

You see lately and back a bit in time as these reports were coming out of the Soviet Union and in the McCalley area there was a count down. And from this area came huge rockets which rose up into the air. And then they launched satellites larger than the Soviets had launched before. These Satellites thus orbited around the world and they maintained this orbit. This secret eventually came out, and then they tried to quiet it down. They did not want to talk about it, but the Soviet Union had had nuclear weapons in orbit above the earth. More than this these are orbiting your country right now, as well as most of the nations. The Soviet Union has had hydrogen bombs in these satellites. And they are capable at any time of giving an order and dropping a bomb on your nation. As to how accurate they would be able to bomb we do not know. At the same time however then the Soviet Union has developed equipment that we do not quite understand for this deadly circuit.

And then she becomes aware of something different and she says that the atomic war is about to be invaded by a new type of hydrogen bomb. And of course she says that Germany has the neutron bomb And it is more dangerous than the hydrogen bomb because it does not blow anything up, it just kills the people, the animals, and everything that lives except plants. So drop a neutron bomb and twenty minutes later you could move into a town and get no nuclear reaction. And they say that Germany has been trading this secret with America and with South Africa. So now we find that the Soviet Union now wants to sign a non-proliferation treaty. She wants to sign this treaty as quickly as possible so she can get on with the war. She has built up a force of three million men who are ready behind the iron curtain. So she wants to come into Germany and cut thru Western Europe and do this before America can get on her feet. And while America is tied down in Asia. And this plus the fact that now she knows that Germany has developed a neutron bomb. And that she is letting these secrets out to America and to other countries. And now she wants to be sure that all nuclear weapons are outlawed and cannot be use in a war.

This is why the U.S. did not sign this treaty for she knows what Russia is thinking. So instead Dean Rusk tells the Soviets that they better not invade Germany, or the U.S. will enter into this struggle. So Mr. Kosigian then answers back:--do you think

you are big enough to take care of this matter? So in other words he still thinks that we are tied down and are talking out of turn.

Now; we have the Soviet Union crying out for the banning of nuclear weapons of war, but at the same time her satellites are zipping over head loaded with nuclear bombs. Every two hours they move overhead carrying that bomb over your head.

I think it is about time that our nation tells the Russians to bring these satellites down loaded with their bombs and don't fly them over our country anymore. It is time we stopped putting any of our confidence in the Soviet Union, because there is no confidence to come from this matter.

We are in the climactic pattern of the latter days. We have reached that period of time referred to in the book of Joe. It tells you over here, that speaks of these wonders in the heavens. But God says he is going to pour out His spirit upon his sons and his daughters. And I will show you wonders in the heavens and also in the earth. I will show you pillars of fire, and of smoke and blood on the earth. And in those days it will be as tho the moon was covered with blood, in that great and powerful day of the most high God. And it shall come to pass that all who call on the name of YAHWEH shall be delivered. Every last one of them whom the LORD shall call.

Then turn to the third chapter of Joel and it talks about this valley of decision, for the day of the LORD is here. And it says that In those days the sun shall be darkened and the moon also and the stars as well shall be darkened. And YAHWEH is going to roar, with his voice and the earth is going to shake. And it says that YAHWEH shall be the strength of His people Israel.

So in Vietnam then Red China is coming into the war and they have cut off many areas, and Saigon is now under the glare of the enemy. And you are going to have to use much more power if you are going to win. This is why I like General LeMay who is the vice Presidential choice of Wallace. But he is described as the hawk of the Viet Cong. He says that he would turn all of Vietnam into an attack center rather than destroy one American Soldier. That is why I like him, for he has the intelligence to know that you hit the enemy with every thing you have if you are going to win. This is a big struggle and it better be recognized.

Now; then Russia had 100,000 troops on the border of Germany, so we are on the edge of a great explosive situation. So as we see all of these facts then we turn to the subject of flying saucers. And I am glad that all of those, that we are seeing, are now recognized as belonging to the U. S. Government. But out there in space is a squadron of flying crafts, thousands times thousands, times ten thousands and so forth. And when all of those crafts get in the sky then they will be seen for they are so many. But these are the crafts of the Most High under the command of Michael. And noticing that there are so many trillion suns out there, we can expect that there

are more flying saucers under the command of the Most High God with Michael at their command, than the Soviet Union could ever make if they went on for ever.

Now; as we turn to the book of Daniel we see again these certain situations, and how the Most High intends to cope with this situation. For when Michael the prince of My people stands up there will be a time of trouble, never seen since this country was a nation. And at that time all of His people, every last one, whose name has been found written in the Book.

Oh, you say, but that is about the Old Testament. Yes, but this book is also about the New Testament. For as you come over into the book of Revelation then God talks about the people who will not fall before the mark of the Beast, or the power of the Anti-Christ. And it says that they are not going to wonder about this power of the Anti-christ, and of this darkness. For all of these names have been written in the Lamb's book of Life, and they shall understand.

So we understand that God has a record of all of his household his family. All are recorded of those who have been born, and who will be born, for all are recorded in this BOOK OF LIFE. And thus we understand that all of those written in this book of Life are going to be delivered. And Michael this great Prince in charge of the ships of the Most High God is going to stand up and fight for the children of God, like he did once before in the heavens, when he threw the devil out of the heavens. And now he is going to have to come to earth to throw the devil out of power here in the earth.

At the same time then God said:--I have placed my family in this physical world, And now I am going to pour out my spirit upon them, and they are going to take possession of the kingdom. And they shall reign over that kingdom forever and for ever. This means that you are going to challenge the powers of darkness. You are going to be empowered by the light, and this will be one great and wonderful stand by the Children of the Most High God. This will be a time when the powers of darkness will not be able to destroy one single boy out of the armies of the Most High God. No weapon will be formed that can stand against you.

Now; we are in an hour when we are coming face to face with some of these situations. And then you say but the Russians can do that. Well there is one thing that we also know it is that the Russians, at least their leaders of today, do not have the spirit of God in them. Besides that he says that HE pours out his spirit upon his people and they dream dreams and have visions and these come to the people of His church, His body in the world today. Apparently then God has bestowed upon you all of these great things which have transpired and given you the knowledge to protect yourselves. For God says that he can at any time bring any of this to your attention, and your intelligence will receive it.

Thus God made a covenant in the Old Testament and in the New. And he says: I will make of you sharp threshing instruments, and with this you will be able to break in pieces this power of the darkness, and the forces of evil.

You say:--we are going to have to do things pretty fast for we have fallen behind. We have had had the MacNamaras' and the Johnsons' and all of the sympathizers with the enemy, more it seems than one nation could possess. And then you say but there were not be enough power for us. Well, don't worry about that, for there is a lot of power, just standing by.

As I turn into the book of Revelation, I see that there are a lot of things which people are going to have to take into consideration. One thing I see is that you as a great white nation, of God's kingdom, are going to have to stand UP and fight for the kingdom of God. The true people of your race, who are alert are willing to battle Communism and this force of darkness. They are willing to battle the Anti-Christ. And they are willing to overthrow all of the work of the devil And then you say but the other side has men, lots of men, and even some spiritual power. But God says, don't worry; I will take care of the spiritual forces. And you will take care of the physical forces, and I am going to guide you into areas of success. He says, I am going to stir you people up until one day then you will be standing on your feet, and the wrath will be rising in your countenance.

And I am going to tell you that there will be quite a stir out here in Hollywood, and Fairfax when God starts to stir his people. I am going to tell you that there will be lots of places that will be disturbed when God wakes up his people and calls them out in that day of judgment. And we read that a great banner will be seen in the heavens saying:---Faithful and true ---and in Righteousness he shall judge the earth. And it says:---I beheld this great and mighty flag ship with this great banner saying He that is faithful and true ---and then I saw all of the armies of the heavens following after HIM. Did you ever stop to think of how many thousands times thousands --those trillions----all of the armies of heaven following after HIM, how they would appear?

I want to be on God's side, for that is the side where all the armies of heaven are. For there is no question about who is going to win. For as I read I see that at this time when HE comes who is righteous and true, that there is no question but that he comes to judge and to make war. And therefore at this time then OUT OF HIS MOUTH CAME A SHARP SWORD.

And He came in to rule over the nations. And it says here that He will rule with a rod of iron (total justice) And it says that He shows the fierceness of the Almighty God. And on his vesture it is written:---King of Kings and LORD of Lord's. And this mighty force is coming in at anytime--any moment when the Soviet Union or any of the powers of darkness think that they hold the winning hand. That think that you are whipped and they are to destroy you. Then he is coming in--so don't think that you are standing all alone. Don't think that you have been abandoned.

I want you to know that OUR GOD, is more powerful than the Buddhist god, more powerful than the Hindu god, or any other of the gods of earth. And there will come a day when the hosts of our God will come hurdling out of the sky. And you can count on it anytime, next week or next year just any time. You can count on it because God says that he is going to do that.

So I tell you that there will be signs in the sky. There will be phenomena. And God says if you want signs in the sky, then I will give you signs in the sky. I will destroy parts of the earth. I will get rid of this Anti-Christ who has caused so much trouble for you. And I am going to deliver each and every one of my family, whose name is written in the Book. I am going to raise up principal men, and you are going to rise up and you are going to take this kingdom, and rule over this kingdom, with ME forever and forever.

We are going to establish the throne, and the earth will know white supremacy as it exists And a great White throne company will stand with their God thru the ages to come. And the great cry then comes out of the book of Revelation:-- --Holy, Holy, Holy, LORD God Almighty-----.

I want you to know that as we talk about these things we are not talking of fantasy, this is real, and it is written in your book for you to understand and to know, and to take comfort from.

End of message.

THE MIRACLE OF RESURRECTION

By Dr. Wesley A. Swift 2-10-70

This message is built around the subject of the Resurrection. Here at Christmas time we thought of the birth of Christ, the other important day of all the years in time and history, for the birth of Christ and the resurrection of Christ are the two most important events in all human history, for your race and unto your time.

The Resurrection of course was the great and tremendous transition for the Disciples, but before that time they had suffered mightily from the terrible conditions which had taken place. After all they had walked before this for three years with the body of God, they had walked with Messiah, they had witnessed as He raised the dead, as He opened the eyes of the blind, as He opened stopped up ears, as He fed the five thousand, stilled the wind and the waves. These were the

evidence and the power of the Eternal God. Without question they had been walking with the Messiah.

The Essene company was looking for the ONE who would head the kingdom, who would sit upon the throne of his father David. Had they not heard the words spoken by the Angel unto the Virgin Mary when he had said:..This one would come in the name of YAHSHUA and would take the throne of His father David? This was the situation they were anticipating, which they thought would occur, and the Disciples also followed HIM eagerly and gladly for they had witnessed the Majesty and power of His ministry. They had just finished a week of tremendous importance when the people had wanted to crown HIM King. They had shouted:.."Hosannah in the Highest, to he who comes in the name of YAHSHUA, WHO COMES IN THE NAME OF THE FATHER...Hosannah in the highest to he who takes the throne of His father David."

Yes, they had anticipated that Christ would take that throne, but HE did not do this, instead that day he had taken the Chalice. They were still mystified by this, they did not understand all these events but they knew that surely a miracle must transpire. They remembered that Christ had gathered them together into the upper room for the last supper. There they had gathered for the Passover supper, they had eaten the Passover lamb, then Jesus took the bread and He broke it, and said:..take eat, this is my body. He took the inner from the Chalice and they said, can we drink of this cup and He said:..Surely you shall. Then He passes unto them the cup saying:..this is the new covenant..in my blood. Still they did not understand what it all meant.

Later Christ took them into the garden, with the inner cup of the Chalice, and then He went aside to pray. He filled the cup with water and therefore fulfilled all the legality of all the transgressions by taking all the sins of the human race upon His Sinless body. The intensity of this was without question one of the most important moments in all the background of the crucifixion. For we are told by one of the disciples in the garden at that time that Jesus then sweat great drops of blood..saying:.."not the will of the flesh, but the will of the spirit be done," and He drank that cup of clear water, every last drop, and assumed upon Himself the transgressions of the entire Human race. And every type of Adamic transgression was also in that cup.

The disciples then awoke to watch the betrayal by Judas of Iscariot, of the Master, into the hands of the soldiers of the High Priest. They saw HIM led off to the Court of Annas and Caiaphas the High Priest. Peter and John traveled ever closer to this event than the other disciples, one stood out in the courtyard, while John managed to slip into an alcove of the meeting place to listen to Annas a High Priest as he interrogated Jesus, and calls for the seating of the Sanhedrin. Some said..How can this be? The Sanhedrin cannot meet at night. The Disciples were perplexed and were amazed, surely a miracle will come about, surely legions of Angels will come. This ONE who had demonstrated by all those miracles that He

was the Eternal God, surely there will come forth now a pattern of great deliverance, so they watched and waited only to see again the hand off Jewry which brought forth false witnesses, in their concept of Jurisprudence which has not changed even to our time, designed with all the patterns and capacity to destroy.

They were as Jesus said the sons of Lucifer, the Cainanites, the Amalakites, the Hittites who had gained control of the Temple with their Sadducee doctrines, with belief in reincarnation and were opposed by the true Pharisee and the House of the Essene's who were in the caves outside of Jerusalem. How these in control now detested the work of Jesus, how they had plotted to put him to death, how they designed to beat Him. All thru the background of the four gospels we see how they plotted to kill HIM, but the soldiers came back to report:...'Never a man spake as this man speaks'. Caiaphas said to those around him:...'Ye know nothing at all, if we do not kill this man we will lose control of this nation. He is going to gather together the children of God that are scattered abroad.

The Disciples had witnessed the animosity of Jewry, most of them were Galileans and they recognized that these Jews who had gained control of their nation were strangers, just as the Essene company had declared. They were not of the Levitical household, with the background for truth, but surely still a miracle would happen. Surely this manifestation of Messiah, whose life was so wonderful, who had lived in their midst would not pass away. The words he spake were so full of life and vitality, surely something would transpire. They saw Annas turn Jesus over to Caiaphas and bring him before the present High Priest, and heard them ask him many questions. They heard the false witnesses testify that He had said:...'He would tear the temple down then rebuild it in three days. They did not of course recognize that HE was talking about His body which was the temple of the Holy Spirit. But during the course of all their attacks they demanded to know if He was the Messiah, if He was the embodiment of god. Jesus replied:...'Thou sayest it". The Disciples then saw him smitten, and they were amazed, they were astonished that so much power could be brought against The Christ. After all, they had watched The Christ run the money changers off the steps of the Temple, and seen the High Priests draw back in fear. They had watched and heard him denounce them from one end of Palestine to the other. This was then an amazing situation, here they were holding the Christ, falsely charging HIM and demanding his death. The disciples had watched him gathering Barnabas and Nicodemus to the company of followers.

Nicodemus was a Pharisee who normally taught his own students, and he rushed down to this gathering in the night, not knowing what might take place, after he had heard they had taken Jesus into the Sanhedrin. He sent word to Gamaliel who was another great teacher and also a true Pharisee. These two were the only true Pharisees in this group that night. Altho the Sanhedrin had only called this night..only for the Sadducees, only this Asiatic, reincarnationists, so that they could carry out their design to destroy The Christ. How they hated HIM, how they worked and designed to kill Jesus saying:...'If we can kill this body of God then we can control the kingdom forever.

We do not have to worry about whether it is economic, political, or social, we do not have to worry about our religion, whether Baalism or whatever... just now let us kill this body of God. So they sought ways as to how to destroy HIM.

The Disciples were amazed, and then they saw Nicodemus enter the gathering and he said:..'The Sanhedrin cannot meet at night'. Annas said to the Scribes:..'How do you read it?' And they replied:..'we concur with the teacher Nicodemus.' So they said:..'this hearing will then meet and we will decide on the crimes committed by this man.' As they smote Jesus, Gamaliel and Nicodemus both cried out saying:..'It is unlawful to strike a man when he has not been heard properly, He has only been accused this day, His defense comes upon the next day, that is our laws, then we must weigh all these things upon the 3rd., day.' Yet all this is being done at night, it is not legal. But the leaders of the meeting told Nicodemus and Gamaliel to be still, and these two then left this meeting and went out to try to gather the true Pharisee's and bring them in from the four corners of Palestine so as to denounce forever the program of the Sadducees. Then the Sadducees said:..'we must handle this quickly, take him before Pontius Pilate, before he brings back the true Pharisees, for this time if the people were to once more offer him the crown then he might take the crown, and we would lose control of this nation.

We think of these things which were utmost in the minds off his disciples. How could this be, a miracle will surely occur, something must transpire that will demonstrate the power of Messiah, and his victory over the powers of darkness.

They reported that Pontius Pilate took the Judgment Seat grumbling because of this start so early in the morning, they say the Legionaries were standing on either side of the Hall before the Judgment Seat, their shining Eagles and Circular's of brass fastened upon these hickory sticks of the Legions of Rome, lining up in their columns on either side of the Magistrate. Then the disciples saw as Jesus was brought in..those hickory sticks bend almost double in the hands of the Legionaries. They heard the watching Jews cry out, and Pontius Pilot was also amazed and he said:..'Take this man out, and then he put two strong men upon each Standard, and when they brought Jesus back in then the same Standards of Rome bowed before Jesus the Christ. Then the Jews cried out for His blood. Pontius Pilate then said to the Jews:..'put your men upon those Standards and if then these same Standards bow I will demand your blood.' The Jews of course were not willing to take this chance so they said:..'This man is born of fornication, he is guilty of sedition, he is against God's program for He is seeking to overthrow obedience to Rome. If you are a friend of Caesar's you will crucify Him.'

Pontius Pilate said:..'I have heard of this matter, I have sought out those who represent my Court, and I find that the people listen to what this man said, they watched the miracles He has performed and they have reported back to me that He

has done nothing wrong. He has not spoken out against Rome, He has been a tremendous healer so why then do you want His death?" The replied:..'if this man were not guilty in violation of our laws we would not bring him here.'

Pontius Pilate then said to Jesus:..'Come into my inner chambers'> Pontius Pilate was a very unique character, he was not only himself a Basque born in Spain, but he had been educated in the Druid Masonic background. So it was that he had married Caesar's daughter, and had then been given this job of governor of Jerusalem because of this. Now faced with Jesus, Pilate was amazed to discover that he also was troubled since his wife had told him of her dream of this ONE. Pontius Pilate then turned to Jesus and asked Him:.."What is truth?" And Jesus answered with the highest Masonic answer which could be given to him. Pontius Pilate realized he was in the presence of a Grand Master, he was in the presence of ONE higher than he was, and immediately he rushed outside to declare:..'I find no fault with this man'..but the Jews only cried out the louder, and more and more demanded his crucifixion.

It was known that Herod was back in the city so Pontius Pilate turned Jesus over to Herod. And Herod..this one had inherited the throne from his uncle who had tried to kill Christ at his birth as he killed the babes in Bethlehem when he was king of the Jews, and sought to destroy Messiah, this Herod who had witnessed all that was going on in the land decided that Jesus must be the same person who was said to perform miracles, and he hoped that Jesus would perform some miracle before him so that he could denounce it, but Jesus never opened his mouth, he never said a word. Then Herod had Jesus scourged and delivered back to Pilate. The Jews then cried out again for his blood saying:.."His blood be upon us and upon our children". Pontius Pilate then took Jesus once more into his inner chamber and he said:..'What is the matter with these Jews, they call for your blood, but I see no wrong in thee, I find no fault in your conduct.' Jesus replied:.."You will have to do as it is written". Pontius Pilate then asked:..'How is it written?' Then Jesus answered:..'I am to be crucified'. Pontius Pilate said:..'Oh, no I think I can save you'. Then Pontius Pilate went back once more to the Jews and he said:..'I have taken the man who has been raiding your caravans, who robbed the treasures you were selling on the temple steps..this man..Barabbas..I have this man...now who would you have me release unto you..Barabbas or Christ?' Pilate thought that because of their love of gold and silver that they would say:..'give us Barabbas. Now, this Barabbas was the secret leader of the Blue Tunic Warriors who had been gathered by Joseph of Arimathea, but it did not work like Pilate thought and Barabbas the leader of this Army for the KING was now released instead of Jesus.

Pontius Pilate in great amazement turned to Jesus and asked:..'Now what shall I do?' And again Jesus replied:..'Do as it is written.' Then Pontius Pilate called for water and as it arrived he dipped his hands in water, this being considered a legal standard in Rome. One could wash his hands of innocent blood by dipping his hands in water and saying he had nothing to do with this Judgment. Nothing to do

with the punishment of this just man. So Pontius Pilate washed his hands in the water concerning Jesus and then said to the Jews:..'now you look to it.'

Now; the Jews said:..'Oh! no we can't destroy this man, the Passover is now upon us, therefore we ask that the Roman soldiers be committed for His crucifixion. Thus the Roman Soldiers were assigned as to His crucifixion and Pontius Pilate was greatly disturbed and turned Jesus over to the crowd.

These were the things pressing upon the heart of Peter, James, and John and the other disciples in this hour. Surely a miracle would occur, surely something would transpire. They saw the heavy cross laid upon the shoulder of The Christ as they started up the hill to Golgotha, and they followed afar off. They watched as they laid Jesus outstretched on that Cross. They saw the Centurions as they raised mighty sledgehammer and drove the spikes into his hands and still Jesus opened not his mouth or said a word. They then saw Jesus spiked to that cross and that cross lifted up and with a tremendous thud dropped into the hole in the rock there on the hill of Gethsemane. As the agony and torture of it showed on the body of The Christ, so also did the disciples reel in this situation. Truly now a miracle must occur, truly something must now happen.

The Jews were now in great Glee..they cried out saying:..'If you be the Christ then come down from that cross, thus they taunted Jesus. Mary the earthly mother of Jesus stood by, and into her mind once more came the words of the Angel Gabriel..the assurance that her son was the Messiah, the assurance that she was with child by the Holy Spirit. The Mystery of Atonement was not yet clear to them, nor did they understand the circumstances of that Holy Grail that Jesus had drank to the last drop.

Now the disciples stood by the cross as did the Roman Soldiers who had nailed him to the cross, and they were even rolling dice for his garments. As they did this Jesus looked down and said:..'father (spirit) forgive them for they know not what they do". This of course was not the Jews he was talking about, because the Jews did know what they did as they called for his blood, and said:..'His blood be upon us and upon our children'. The disciples noticed again as Jesus called to John saying, speaking of Mary,.. 'John behold thy mother' and to Mary he said:..'Behold thy son'. Therefore he had transferred the care of his earthly mother into the hands of John. And then he said:.."LORD, (spirit) why hath thou forsaken me", as he was releasing the spirit from the conditions of his physical body so that he might fulfill the areas of Atonement. He hung there for a short time then bowed his head saying:.."It is finished". And with these words the Spirit justifies the process. The disciples looked on in utter amazement saying:..'Surely he is not dead'. Then one standing around thrust a spear into his side and out came blood and water..thus he was dead, the body of God was dead.

This struck terror into the hearts of Peter and John, and the disciples were utterly amazed, how could this happen? The miracle worker, the body of God was dead. Then started the manifestation of all nature as the earth rocked and rolled, and a tremendous earthquake occurred. Even far off in Rome the sculptures fell from their pedestals as judgment descended upon even ancient Rome. Julius Caesar was quoted as saying:..'Surely the God's are angry with us at this time.'

So it was that the Jews in great fear ran to their own Temple, and hid down in the treasury, the cave beneath the Temple floor, all because of the violence of nature, the darkness, the strange dark hue that swept over this land round about Jerusalem, strange colors in Majesty, the winds started to scream as a hurricane like force with great violence swept the land. And then something else very strange and frightening occurred.

The dead started to come out of their graves and walked the streets of Jerusalem in Resurrected bodies. All this was startling and amazing to the Jews, and very fearful. Then a bolt of lightening suddenly hit the Temple hitting the area of the veil which covered the Holy of Holies, and it burned that veil to a crisp, opening that area called the Holy of Holies to open gaze and it was found empty. No longer did that Temple ever have such a place called the Holy of Holies. As the Jews looked on at the scene of this amazing situation no wonder that they trembled.

Joseph of Arimathea with the permission of Pontius Pilate had taken down this body for God and laid it away in a tomb which he had prepared for his own family. So it was that the Jews then came to Pilot and said:..'we are afraid the disciples will steal this body of Jesus so we ask that you guard and protect it well.' So it was that the Centurion of Rome was placed with 100 soldiers to make sure no one stole this body of God out of the tomb, and a great stone was rolled in front of the door to that tomb so as to make sure no one man could roll it away or take out the body of God. Still the Jews complained to Pontius Pilate until he said:..'you have your own guards so why don't you put them there if you are so worried?'

Strangely as the dead walked the streets of Jerusalem there had been two sons of two Levites who had recently passed away, but here they were also walking the streets of Jerusalem. These two were taken into the temple and were asked questions by the Priests of the Temple and they answered not a word, but they reached each one for a stylist and each was given a stylist and paper, then each was put into a separate room and they wrote their story as to what had transpired from the day they had died until the day of this peculiar resurrection. They wrote of what had transpired and their accounts differed not one word. In the writings of Nicodemus, we are told of this. They said they had several situations which had amazed them. One had been there when Lazarus had been called forth from the Netherworld, that he had left them in a great and tremendous show of power, and they did not know what had transpired. Then they said that the Hour had just previous to their walking the streets of Jerusalem when a great cry went up saying:..'Open up ye Everlasting gates, open up ye gates of iron and brass, for the

King of Glory shall come in. Who is this King of Glory..none other then the LORD Mighty and Strong, the LORD mighty in battle, He is this KING OF GLORY.' Then it said that Beelzebub cried out saying:..'O Lucifer what have thy children, those ancient Jews done? They have delivered a man to us who called out Lazarus from the Grave. They have delivered a man unto us who had no transgression of the world. I am afraid we will lose this power of what is termed Hell, we will lose control over all the souls of men. Give us great strength O Lucifer, come and help us, was the soul cry of Beelzebub.

David then remembered when he was writing the Psalms and how he was inspired to write:..'Open up ye everlasting gates, the King of Glory shall come in''. It was now for this hour that David had been writing altho he did not understand at that time just what it meant. But now in the Netherworld David realized that Messiah was at the gate. There was then a tremendous burst of Light for those who had sat in darkness waiting for this day. But now they saw a great Light and the Majesty of the Glory of God filled the Netherworld and Jesus then started preaching to those Adamic children held there, from the days of Adam down to this time, every descendent of this Adamic race, every soul of the House of Israel came under the ministry of Jesus the Christ there in the Netherworld as well, and then Jesus led that mighty company of the white race out of that portion of the Netherworld and into the area of Paradise within the heart of the earth, and as they came into that area there was one waiting for them, and it was the thief from the cross. For of the two thieves who had been crucified with the Christ, one had reviled Christ, but the other one said to that thief beside him, we are being punished justly but this one had done no wrong. Then he turned to Jesus and said:..'LORD, remember me when thou cometh into thy kingdom', and Jesus replied:..'This day shalt thou be with me in Paradise'. And so it was within the encompassing three days that they entered into Paradise where the 'TREE OF LIFE' and the Mysteries of God had once been there in the heart of the earth.

Then came this Great day of the first of the week. As it began to dawn toward the first of the week what was billed as heavy darkness, there came a tremendous earthquake and great brilliance shown around the tomb. Then with the incandescence of brilliant Light and Divine aura there came one forth out of that tomb whose Light is described as brighter than Jupiter's. And the Centurion in his description of this even to Pontius Pilate said:..'This is what transpired O Pontius Pilate, suddenly there was a great earthquake, and the stone was rolled away and tremendous Light came around the tomb, and one came forth without question more brilliant than Jupiter. Heavenly hosts were there, and in song and shouting rejoiced, and we fell to the ground as tho dead men, we were as tho paralyzed before this Mighty Resurrected Christ. The Jewish soldiers fled in fear to other areas of the garden..."So it was O Pontius Pilate, so it was"'.

Pilate was very mystified at all of this and we understand that he wrote to Caesar, and later it was recorded in the Archo Volumes as to how Pilate's wife had accepted Jesus as Messiah and became one of his followers. Pontius Pilate said that he too recognized this as the greatest manifestations of deity, that he had known in all the history of Rome, and he said:..'I also have become one of his disciples' ..and later we learn that Pilate drank the poisoned cup of hemlock rather than give up his faith in Christ which developed because of this Power of His Resurrection.

Mary Magdalene and the other Mary went down to the tomb bringing spices to anoint the body of Christ, they had hoped to find help to remove the stone, but as they arrived the stone was rolled away and two men sat upon the Sepulcher. They said:..'why do you look for him, he is not here, He is risen'. Mary Magdalene only saw that the Master was gone, it did not dawn on her what had been said. She was weeping and thinking she saw a gardener she then said:..'Oh, they have taken away My LORD, and I know not where they laid him.' The Gardener looked at her and said:..'Mary, and she knew his voice and she replied..Raboni, Master..My Savior, and she fell at his feet.' She reached out to touch him but Jesus said:..'Do not touch me for the power of the Spirit has not as yet ascended off of me, since my resurrection, and you could not stand it, but go tell the Disciples'..and Mary hurried away on this mission. Peter hearing this came into the Garden and ran to the Sepulcher, and stared in amazement as he saw the empty grave clothes lying in the empty Sepulcher and he turned to tell the others of this miracle.

Two of the disciples who earlier had said this is the end of all things, there is nothing left for us to do, thus we will go back to Emmaus and attempt to put our lives back together again. Peter did not know what he would do, he might just go fishing. Matthew could not return to his office as tax collector for now the politicians would not want him. Luke would have to find another position as a physician, their lives were all torn up and then the two of them started for their homes in Emmaus. As they walked toward Emmaus with heavy hearts, they were talking about the terrible conditions in their nation and how now even the body of God was dead, the miracle of the Ages, this body of God had been condemned to death, and then laid in the tomb, now no hope, no hope, the land had been shaken, but the powers of darkness had prevailed and the body of God was dead. As they discussed these things they met a third man and he asked why do you seem so depressed? They said..surely you are a stranger not knowing that we are the disciples of Jesus and now he has been crucified. The one we thought was Messiah, who would restore the throne to Israel is now laid away in a tomb, there is nothing for us to do but return home, and lose ourselves in the Stream of Life.

The third man then opened up the Book of Scripture, and reviewing this story from the Book of Genesis down to, and thru all the prophets and then he asked:..'Ought not God to have done this?' Ought not God to have fulfilled this

pattern of atonement? Ought not God to have assumed upon himself all transgression, then paid the price for that transgression? Ought not God to have done this so that he would resurrect as he had promised and triumphed over the powers of Darkness, and all the forces of evil? As he talked to them and explained the prophecies of the scriptures their hearts literally burned within them. Coming to a small Inn they suggested entering to eat a bite, and as they sat at this table, this third man broke the bread and as he did this they saw the prints on the nails in his hands, they saw the marks of the crown of thorns on his head, they saw the effulgent Glory and radiance around him and they cried:.. "Our LORD (savior) and our God".

Jesus then sent them back to the other disciples and he then disappeared out of their sight. These two then returned to the other disciples saying we have seen the LORD, he has been with us, he walked with us, he broke bread with us, he ate with us, he has risen, he has resurrected, you can be assured of this for we saw him, and talked to HIM. Even as they were discussing this Christ then came into the Upper Room telling his disciples that see..I am flesh and blood, real and tangible, I am not just spirit, come therefore, recognize by touching me that I am real.

Peter, James and John came out of their despair, this darkness, and catastrophe which had moved over their lives was suddenly swept aside by the Majesty and Radiance and Glory. This tremendous Power of Resurrection we cannot understand, this tremendous glory which descended upon the disciples, and upon those who saw HIM, up to 500 people at another time we are told. A great and mighty company then saw Jesus. As he taught and was his disciples until the day of his ascension.

During all the majesty of it all Thomas who came later into the upper room, was told that the Master was here while you were away. Thomas said:..I just cannot believe this unless I can put my fingers in the nail prints in his hand. Unless I can thrust my hand into the hole in his side. Suddenly Jesus came thru the wall saying:..'Thomas come here, this is not just spirit this is flesh and bone, come put your fingers in the nail prints in my hands, thrust your hand into the hole in my side and know that I am alive.' But Thomas only said:..'My LORD and My God.' Jesus then said:..'Blessed are those who come down through the age, who believe without having seen the nail prints.' This includes all of you of the House of Israel from that day on. For the mighty power of Christ's Resurrection had been the Arch and Keystone and the Christian Faith.

So it is that we see the magnitude of these events, we have witnessed the tremendous background of death and destruction, and all contained therein, but now we have also found the Majesty, Glory, and Power of the Resurrection. As he walked a man among men Jesus desired only one thing which was that he might

have the Glory he had when he was in the spirit before the world was framed. He had to leave off that Glory because if he had retained that Glory, that unction, his crucifixion would have been impossible. Having now been raised from the dead, the Glory and Radiance now shown out from Christ, as it did upon the mount of transfiguration. So it was that the symbol of Divine Glory has now descended upon His church. Many Christians throughout these next few years went to their death gladly, many marched to their death in Rome, they were sentenced to die if they did not give up their Faith. But they could not give up their Faith in a Resurrected LORD so they marched willingly to their death, for they had seen HIM.

The Apostle Paul who was called forth as one of His Apostles said he was born as tho 'out of season'. As he walked and talked to the people of the early church he told them of these tremendous mysteries. He said if we can have the fellowship of His suffering we can know the power of His Resurrection. He then explained to them the miracle of Communion, and the power which was invested therein. How God had set a table and had thus joined with the bread and the wine with the unction of his own spirit, consecrating them until those who joined in the element of Communion would receive the elements and power of God's Spirit. They were assimilating within their bodies the power of the Holy Spirit. Thus it was they knew the agony of his suffering by being joined to his body and his blood, and the events which surrounded it. Thinking of the Majesty of the power of God, we point out that our Eternal Father says:.. 'I give them Eternal Life and they shall never perish.' Without question God with tremendous magnitude brought about this Resurrection which was one of the most magnificent situations to ever develop upon this human plane.

We stand now in this year of 1970., and we see many kinds of situations developing in this Kingdom of God. We see the powers of Darkness and evil moving across our land. We see this power of catastrophe as they seek to integrate our society, to mongrelize and destroy our youth. We see the coming in of drugs and all types of destruction as they are bringing upon us the control of Anti-Christ and an Anti-Christ Kingdom. We see our people today stand back as did the disciples when they said:.. 'Bring forth the Diadem and crown him LORD OF LORD'S.' Then we see that at that time He will take the throne and we can all sing:.. 'All Hallowed by thy name, ye ransomed from the fall, bring forth the Royal Diadem and crown Him LORD of all'. With all Magnitude we thus recognize Christ is soon to come. This is much closer than at any time in all human history. The areas of fulfillment will be soon upon us. As we see the powers of Darkness which swept into Old Palestine, as we see the forces of evil which battle against the Assyrians, against the Egyptians, and against Jordan, as we see the powers of Communism and Socialism sweeping the world we then recognize again the Household of God's Kingdom and we remember there shall be no end of His Kingdom, there shall come a victory and out of it shall come the power of the Most High. We will not face those conditions with

sadness as did the disciples in that black experience because now we recognize that the power of God will be made manifest, and we are looking for this appearance, hopefully soon. We will lift up our eyes to see that mighty fleet come out of the heavens and on that tremendous flagship will be the "KING OF KINGS AND LORD OF LORDS," with this majesty comes a Resurrection with Mighty power and the recognition that we are the children of this Mighty power and we say:.."Our Father which art in heaven, hallowed be thy name."

YOUR COVENANT WITH DEATH

by Dr. Wesley A. Swift-----3-1-70

As you turn to the book of Isaiah, you will find that Isaiah 28:15, says 'O ye scornful men, ye leaders of Israel, because ye have said we have made a covenant with death and with hell, you are in agreement when the overthrowing scourge shall pass thru, and it shall not come unto you. Know ye then, ye scornful men, that I will destroy your covenant with death, and your agreement with hell shall not stand, and when the scourge shall pass thru, they ye shall be trodden down.'

This, my friends, is a significant situation as we look back over our history in the past. For you and I are a part of the pattern of a great society, a great civilization, a great culture and a great Kingdom. We have watched the development of the program of God's Kingdom from the days of the begatting of the Adamic race down to the fulfillment of this great nation of which you and I are a part. As we look back over these patterns of prophecy, we can recognize that our history is a fulfillment of Divine prophecy. For God has prophesied and declared the development of HIS society and HIS Kingdom. And HE planted your race in the earth for the overthrowing of evil, of this there is no question. But in the course of this design, we have watched the fulfillment of Biblical patterns of history from Adam down to the establishment of the Kingdom at Mt. Sinai, and from that Kingdom into a great nation, and from that nation into its divisions and its migrations. And then in to a great nation and a company of nations as God has fulfilled these prophecies which HE has ordained. In all of this, HE promised that HIS Kingdom should emerge, a growing Kingdom, the mighty Kingdom which HE had ordained. We have watched this expansion of the House of God. We have watched the Westward migration and its occupation of Western Europe, and then its colonization to the ends of the earth as they developed Australia, South Africa, and came to this continent, and to other areas of the earth with their programs of civilization.

We have watched the blessing of God literally descend and fulfilled on the House of Joseph, upon Anglo-Saxondom. For wherever the British Empire went in its early days, it still carried the message of Christ an the program of God's Kingdom, and the message of the greatness of that Kingdom. For here in was also the House of David still seated upon his Throne---a representative of that one House. And we watched the strength and power of Central Europe, the heart of Germany as the German House of Judah was a great military society in Destiny and prophecy, and which stood as an opposition barrier against Asiatic anti-Christ powers, as they would try to sweep into the continent of Europe. We have watched the development of our own nation from its coronation until this time, a great new order gathering together in a new continent, as God guided and directed the immigration of the make-up of your society until you became one great nation made up of Anglo-Saxon, Lombardic, Germanic, Scandinavian, and Basque backgrounds, as these who helped to settle this new nation, moved under the symbol of the Household of God, HIS new order of the ages.

As we look back over this fulfillment of prophecy, we can see the hand of God thru 7400 years as prophecy is emerging. However, there were other prophecies emerging, as well, as Lucifer was not satisfied. And Lucifer designed the contest of destruction. He designed the program of the subordination of your society. He sought mightily to overthrow your nations and to capture and destroy the development of your nations. And he sought in every way to bring about the areas of conquest.

In the fulfillment of the prophecy of the MESSIAH wherein God said that HE would be born of a Virgin and out of your race, and dwell among you. We find even in that hour of the birth of the Christ, that the opposition---Lucifer---hoped for destruction. We find this opposition to the Messiah as in the opposition to HIS ministry, as he constantly opposed the ministry of the Christ until HE spoke out and said to Satan's children:-- 'Ye are of your father and the lusts of your father ye will do.'

The patterns of organized Jewry have ever stood out as the powers of darkness and the forces of evil. We can see the power of the Resurrection of the Christ, and the continuity of the blessings of Christ ever upon your society. We can watch as the development and transference of power of the Kingdom of God moves to the nations of Europe whose people were the descendants of the Household of the Adamic race. We saw the last of the tribes of Judah and Benjamin as they swept into the continent of Western Europe, and there they were blessed. But still the powers of darkness were against you and the hordes of darkness sought your destruction. The powers of evil gathered in Venice and thru out the Roman Empire, and then thru out Europe as they sought your destruction. They not only manipulated the economy of nations because they thought your economy was very vital to the structure and existence of any nation of the Kingdom, but they sought to buy with their gold the souls of men. And they sought also to raise conquerors out of Asia. They brought forth Genghis Khan across the areas of Baghdad and Persia, and eventually into

Eastern Europe. They conquered China by opening up the gates. The merchants set up their little shops around the walls and then at night, they opened up the gates and let in the hordes of the Mongolians. Thus, they delivered China into the hands of the Mongols. Then the Mongols made their way into Europe, and they had an agreement with the program of darkness, that they would share in the spoil. And the Jews wore yellow arm bands to identify themselves as the hordes of Genghis Khan tried to sweep into Europe.

Again, God lifted up a great power in opposition, and a wound then came upon this beast system 'nigh unto death,' and Genghis Khan was stricken and was carried back into Lhassa where he would rest in death. This broke up the forces of Genghis Khan but smaller forces, and smaller kingdoms which came out of that great force were still your enemy until the forces of darkness would gather again in the areas of the Russias. But the forces of Shaggy Khan were still your enemy for a long time.

But what of the stories which have inspired the courses of the patterns of history? We saw again, a prince, or man princes of Germany gathering and organizing to overthrow the powers of darkness. We watch as they swept into the areas of ancient Russia and established a White administration to hold back the Asiatic hordes which had been started by organized Jewry, which were to be again established on the patterns of the ancient past of the days of Genghis Khan and his hordes. We saw that they used the word Czar-Khan for the name and these German leaders became named Czar. But the German princes also ruled over the provinces of the Russias, and held back the program for the swallowing up of the White race and its Christian civilization.

We watched again as the hordes out of Russia-Asia would sweep the world as organized Communism. But we find once again that it is the sons of Lucifer, these sons of Satan, by the name of Lenin and Trotsky, and so forth, with their hordes out of the dragons mouth---organized Jewry overthrowing the Russian Empire. They liquidated the king and made war against its church until 17 million Christians had been put to death because of the hatred of organized Jewry in their program of World Communism against your church.

Now, as we watched this, we see that the nations of Europe had a natural front against the powers of Communism, and its conquering of that society. The process of the introduction of world wars which shook the nations of Europe had been to open the doors for Communism and Communist intrigue, into the heart of Europe and even into your society. And then we find that your nation was the first to use its expeditionary forces to fight Communism, even before you were involved in W.W. II. This unique situation we can see today has been the change that has come over our society. For our leaders are truly scornful, for they have made their covenant with death and with hell. And they say they have done this so the scourge will not

pass thru anymore. They can take the assurances of a peace treaty with the Soviet Union and get along with world Communism, and they think there will be no conquest, no battles, and no war. But I want to point out that one of the areas of this great mistake for your country probably materialized in the days of F.D.R. Some people may still think that he was a great president. But I want you to know that he opened the doors of America to World Communism. More than this, he selected the 'Brain trusters' for your conquest. We find that Dr. Weiss was in the conference even before these 'Brain trusters' were appointed, and they were of organized Jewry--the Morgenthals, the Richbergs, the Frankfurters, and so forth. And they spoke of the positions they would hold after Roosevelt was elected. And when F.D.R. was elected,---yes---they received those positions and moved into power in your nations. Here was organized Jewry suddenly placed in control of a Christian society. Even so, a Great Christian nation, a Christian society, a nation under God, whose Supreme Court had ruled a Christian nation, was actually now being dominated by International Jewry. And thru its controlled power was seeking the destruction of your society. But people did not realize the capacity of that destruction. But I want to point out that thru F.D.R., then down thru Mr. Truman and on down thru the Presidency of Eisenhower and thru Kennedy and Johnson, and even today in the Presidency of Mr. Nixon, we find that Organized Jewry has increased its power until it controls your Foreign policy, and is controlling your economy. All because the door was opened back there in the Roosevelt Administration.

Little did people recognize that as we permitted the program for the coming of philosophers and teachers from various countries, that we would be flooded with a program directed against our youth. Little did they recognize this as the teachers of Eastern Europe Jewry became instructors in our colleges, that Socialism and Communism would be their doctrines. But I want you to know that most of our colleges in America today, are teaching Socialism and Communism. And Socialism is merely another name for the philosophy of the Communist revolution. I want you to know that you have allowed to come in to this country, a great evil. You have made a covenant with death and with hell. This is most important. For scornful men think they have made a covenant and are buying for themselves security and peace. But they are not buying security and peace. They are merely falling into the rut of catastrophe and destruction. For the enemy is now working on you. He is planning your destruction. He is working on you. He is planning your conquest militarily as well as from within. I want you to realize that at the present time, the revolution is NOW. It is not something we are going to talk about as coming several years from now. The revolution is on now whether you realize it or not. And it is NOW shaking America.

Whether you realize it or not, there are areas of instruction that are of Satanic design and are against the plan of God, against the Laws of God, and against the concepts which made your nation a great society. As this great and mighty Christian civilization with its technological abilities, and moved with the spirit of God, with its inventive genius and its agricultural capabilities---all these blessings

which are a part of the House of Joseph---these are temptations to your enemy. And they are seeking to place their hands upon them. They are seeking to draw away the greatness of your success, and in the process, destroy you. But this is most important for you to understand. For if there is any asset which is vital for a nation's use, if there is any area a nation must retain control over, to see that it has the proper background of history, it is the areas of education. The youth of your nation must be taught the proper background of their race, the background of distinction, and of religion. They must be taught the background of spiritual vitality. And if thus taught, the enemy cannot get to you. But if they can move upon your youth and destroy your foundations and the concepts of God, and the concepts of your racial distinction, and start the process of integration and mongrelization and destruction, then the sons of Lucifer can be most successful. And so this is the operation they have moved with.

I want you to know that 1/4 of the youth of America have gone down the rat hole of this Socialist, Communist revolution. I want you to know that in your colleges today, this program has been successful in trapping 1/4 of the youth in those schools in your nation. I think we have had some of these things coming to light in the fulfillment of the events of the past few weeks. For instance, when we go back to the Democrat convention of last year, we see those who came to Chicago to create riots and revolution against your status, your political life, against your operation as a nation. That this was a program of Soviet Revolution. It was designed by the Soviets. It was organized and protected by Jewish attorneys. The whole program was one of getting the races in riots, of getting the Negroes into those riots to get violence started in the streets, to get the hippies to do battle, and to have rock throwing and weapons used against Police Departments and against people, to burn hotels. And in fact, to overthrow the convention itself. But they were not able to quite accomplish this.

Now, during the battle with the Police Dept., while obscenities and every thing evil was done, while hotels became virtual battle fields, and muck and mire, and all the degeneracies of society were demonstrated, many were arrested. I do not know how many were taken into custody as they hauled them away, but you saw it on the television. And as they hauled them away, we were able to see the violence of this situation. At the same time, there was an attempt, because of the control over your TV stations by organized Jewry, to make the law look as tho at odds, and as tho the law was persecuting these violent revolutionaries. But I think that Americans at large, could understand that this was a violent revolution. And then after this was all boiled down, only five of the leaders were cited as crossing State lines for the purpose of violent revolution. So they tried these five. And these men had Jewish attorneys, of course. And the obscenities and violent epitases which they hurled at the judge and at the courts not only showed that they had no respect for your judicial system, but also no concept that they were not strong enough to survive.

They hurled every violent attack and every vicious statement they could muster, as they tried to keep their revolution going even during the trial. Finally, after being cited many, many times for violence during the trial, they were sentenced to five years in jail for having crossed the State line with the intent to produce violence and revolution. They were also sentenced for about the same amount of time for their contempt of court. And the time was to run simultaneous. The two attorneys were also sentenced. And one was William Kunstler who was well marked by his performance. Of course, the power of these Jew Attorneys was unique. Then automatically, Bar Associations in America, dominated by Jewry, said that the contempt charges were too extreme and the judgement was one of persecution. And they demanded that there be more hearings. Of course, when the appeals came, they were saying, 'All America is in an uprising on this issue, so we are going to let out these attorneys and these five men who were put in jail for five years, because America is upset about this.' But it was the Communist revolution which was crying out all over America. Remember that one of the first outcries in this area came from the Viet Cong itself, for the representatives of the Viet Cong who came to Paris to discuss Peace, demanded of our representatives that we release these seven men convicted in Chicago before they would even talk Peace. They said that these seven were persecuted because they didn't want to see war against Communist nations, which was simply aggression by the United States. So the Appeals Court let these men out. But I tell you that the courts in this land are rotten to the core. I do not think it took America very long to wake up, because William Kunstler came to the West Coast soon after that. And you have seen what transpired in the area of Santa Barbara. For he went to the University of California and addressed the students, and after that speech, 1200 students joined in his call for revolution. And altho many more thousands of students listened, still 1200 of them came out in a riot. He called for violence. He called for more than violence, as he said that throwing Molotov cocktails and burning a few buildings was not enough. He said you must come out with a mighty wave of violence and crush this program of persecution.

What do they want to crush? They want to crush free America, to crush a society which is still independent of the United Nations, independent of Socialism and Communism. They want you to have everything moving into one common trough under organized Jewish domination, and under the domination of what they see as fit for over the entire world.

So they want to be against private enterprises, against every successful businessman, against everything that is of American 'status quo.' And 1200 students came out after Kunstler of Chicago spoke to them, and they started to riot, and they set fire to the Bank of America, and set fire to businesses and fought with the policemen. And it took 450 members of the Sheriffs Patrol and Police Department on Wednesday and Thursday nights, to try to control the riots. They were outnumbered and police cars were burned. Things got out of control. Then Governor Reagan called out the National Guard and sent them in with fixed bayonets and they cooled this situation at Santa Barbara, for the leaders said they didn't want to battle with the

National Guard. But total destruction hit this community with violence and bloodshed. And it was not only this community that got hit, for it happened also in Massachusetts, in Wisconsin, New York, and many other places in this country as the youth came out on the march and with violence. They shot, they burned, and they came against all that is America and what America stands for. Thus, my friends, this is revolution.

You remember when in 1967, that the Israelis took the city of Jerusalem in December of that year? This climactic pattern of revolution is clearly marked for Israeli is the false pattern for Israel. And they moved with invasion of Jordan and the taking over the old temple site. For they have a design to put up a phony world temple there, and overthrow the Mosque of Omar which stands in that spot. All of this is a part of the design where in this country is to be hit by riots and uprisings, and the strange pattern of the Negro race being raised and pushed as leaders, is just a part of the strategy, and master minded by organized Jewry, which is simply telling you openly that they are out to destroy your White race. The Black Panthers are telling you that they are going to destroy the White race, until the White man bows down and serves the Negroes, for the Negroes are talking about. But the Jews who are behind all this sit back and laugh and praise this undertaking. I tell you that this is a part of the patterns of revolution, for violence in the streets, such as they had in the days of Lenin, inside of the Soviet Union. Today we are watching this revolution which has finally come to America. For leaders made an agreement with death and with hell, but the scourge isn't passing thru. It is hitting here.

As we look upon these conditions, we recognize that there are certain areas of prophecies which we can count on. We know we can count on the prophecies of God. We can count on the battle of Armageddon which means that there will be Christian nations which are not to be consumed with Communism, but which will rise and victoriously battle against the hordes of World Communism in the vast discriminatory plot of sudden and surprise attack, which is to come down upon the nations of Christendom. There is no question of the fact that we are going to be victorious. We know that God is our King. We know HE is going to be victorious. And we know that we are going to arise and back HIM. And we want you to know that you who know the knowledge of the Gospel of the Kingdom, have more assurance, and more knowledge of what is coming than do most of the people of our nation.

Uniquely enough as we look out over this strange situation, I want you to realize that the violence is going to come as they hit more communities and move against your society, probably between now and Christmas with more violence than any period in your history. But I also want to point out that the policy has been of economic design as well. For America was a great society, technologically able to protect and provide for herself. It not only has the ingenuity to build the aircraft which is the fastest and best on the face of the earth. But our weapons and our armament was the best in the world. Our manufacturing capacities were superb for putting out all that was needed. And then, they flooded your country with

organized patterns of Jewry and moved them into the Defense program of your nation, and into your factories and of course, into the Pentagon. Because they wanted to destroy this capacity of America to protect herself. Today, some of the discussions which come out of the Pentagon from some of those Jewish masters now seated there, tell us about our military industrialism and they say that we must get away from this so that we can get along with the enemy and have 'peace.' But the Soviet Union is not destroying their military industrial complex. Instead, they are manufacturing and building up their navy and air force, and equipping them with weapons for each design. You had the highest technology upon which to draw for your capacity to produce, but you are being reduced to a point of no return. So they hope, in this battle of protection for America.

You had vast assembly lines for the production of aircraft for this air age. But they wanted all this destroyed. And yet, their plan of destruction was rather a unique one. They began to cut down on the numbers of finished products long after the orders were taken, and the supplies were in the pipeline down to the small companies. They cut in one operation, the number from 183 in the original order, down to 83 in one company after everything was already in the pipeline moving down to the company which puts everything together. And as the word came in that now that these things are manufactured, we no longer want them, then the smaller companies sued Lockheed and other big companies. They won and thus, Lockheed was operating at a loss and going broke. And Jewry was at work at the top to bring down American manufacturing industrial complexes. But as the large companies fold and go out of business, so also, goes the small companies and businesses. And this is the design of organized Jewry so as to destroy America's ability to be the fastest and strongest nation on the face of the earth.

But, my friends, God's Program for HIS Kingdom is not to destroy your defense system, it is to built it up. For HE says that you are to beat your plowshares into swords, and your pruning hooks into spears, for you are going to have to stand off this 'Northern Army'---the hordes of Communism of this program of Satan. God's program is not one of destruction of your society and your military strength. This is simply the folly of your leaders saying we have made a peace treaty with death and with Hell. The strange uniqueness of all this is that with all this 'peace' --Peace-- where is the Peace and safety?

I want to point out to you that the war with the Viet Cong is only one part of this strategy. The design of the anti-Christ is for one Super World Government. In the design for this Super World Government, the anti-Christ brought out the design of the United Nations. And this United Nations organization was a design of International Jewry from the days of Molotov, to Algiers Hiss on up into your time. We should have been well aware that they were making a covenant with death and with Hell because one of the documents in the United Nations structure was a

demand that the military forces of the United Nations to enforce Peace would always be a Soviet Commander. And you signed that agreement as a nation. Even tho a lot of your Senators and Congressmen and most of our people didn't know it. Still, you as a nation participated in signing this agreement with death and with Hell. You permitted the military leaders of the United Nations to be selected from the country who fought the Church, who fought the testimony of Christ, that hated your society, ---to always to command the military of the United Nations. No wonder you can't have a victory under the U.N. For they plan to see that you have constant war until you are exhausted.

When you became a nation, you became that nation over the issue of taxation. Organized Jewry in gaining monetary control over King George, had increased taxation until your society was becoming antagonistic. You were against this tax on every facet of your society. And when at the 'Boston Tea Party' you threw the tea into the sea, then you fought a Revolution, because you said you would not be taxed without representation. And in the course of this, you fulfilled the prophecy, for you became 'the young lion who spanked the mother.' You have always had a policy that your people cannot be taxed to support another nation. You just don't always follow it.

I want to point out something which transpired this week. Eighteen years ago, there was an organization known as the 'Trade Agreement of the Cuban Convention' of the United Nations. Now, this was long before Castro. And this agreement was a design for control of all the production of your society. It was to control all the materials, iron or metals, that could be mined in your country. All could be shipped out to another country and you wouldn't have anything to say about it, for it would all be decided by the United Nations, an International Trade organization, that was going to control everything produced by any country which was in the United Nations. Because it would be under their economic design and control. So the economic committee of the U.N. would also, under this design, have certain powers. And there were several treaties they were to try to get thru in this process. You may remember that the U.N. came out with blue pamphlets. And the National Council of Churches, which always supports the program of anti-Christ, asked the Church to support this policy because it would divide up the goods of the world and soon everyone would be working and happy and at peace. But actually, it was the design of organized Jewry to control. And in this process, 10% of the profit would be skimmed off all along the line. And thus, this design would destroy the greatness of your society, and reduce you to an impotent power. The fact is that we are able to hold back the Senate from signing this 'International Trade Agreement' at this time. But it was simply passed on to the GAT which is another U.N. organization. Thus, it still continues. Inside the U.N., economic power structure has been built up. Presidents of the U.S. and their staff have been giving money to this economic council of the U.N. for use by African nations and Asiatic nations. And have been actually robbing your treasury and giving away the money of the citizens of the United States. Oh, sometimes it was done by agreements, and some times by Senatorial action. But last Monday night, if you would have looked in your leading

papers, you would have read:-- ‘World sales tax proposed by the United Nations, is about to go thru.’

What is that? It said that the U.N. committee meeting in New York, had decided that a one-half of 1% sales tax would have to be levied. That this would be a great thing because the ‘have’ nations would pay this tax to the U.N. and this money would go into the ‘have-not’ nations of the world. And most of the Jewish Senators were, of course, in favor of this. And all week, they have been meeting and drawing up the design for the levying of the taxes.

Now, under this design, the amount of the taxes will be fixed by the U.N. by the economic council. And no nation will have any authority in this matters. In otherwords, they can change this amount any time they wish, and if they get their foot in the door, you never find taxes going down. And with you now supporting the ‘Mark of the Beast’ and anti-Christ, then with this strange design, they cite that the United Nations recognizes that the best way to give the ‘have not’ nations their ‘fair share’ of the world wealth, is by this proposed Income Tax. And this tax should be on all Income any individual earns, in any nation which is a member nation of the United Nations. And the U.N. will decide the amount of tax levied. And the Supreme Court will, of course, approve this because in any decision, it always sides with the U.N. and against our Constitution. And altho you are a great nation of God’s and have fought for your freedom, because you would not pay taxes to even a brother nation, without representation,---now the hordes of the world (5/6 of the worlds population who are anti-Christian) are going to take out of your earned income, for a start at the rate of 1/2 of 1% for the down grading of your society. My friends, this is the work of anti-Christ and it shows you where you stand right now. You are almost to the climax of this thing which will break wide open in revolution.

As we see these things come to a climax, and all of the covenant with death and with Hell is destroyed, then the people who sold you out are the people who will be destroyed in the holocaust which is coming. And we will lift up our faces and pray:- - ‘LORD JESUS COME QUICKLY.’ And, thank God, Michael will be standing by with the hosts of space to fight Lucifer and his kingdom hordes, as he did when Lucifer was thrown out of heaven.

THE LIFE OF CHRIST

by Dr. Wesley A. Swift----3-22-70

As we go back into the panorama of the great drama of the Life of Christ, it is important that we see its impact upon us, even today as we review some of these situations, as we do year after year, for they are quite dramatic. This is a most beautiful and colorful story of the patterns of history. We have the beautiful records of the scripture concerning the events which took place. We have the writings of Nicodemus. We have the records of the Sanhedrin which were basically against Jesus. We have the records of the Roman Empire. And of course, we have the records that came out of the people who were symbolically writing at that time. And so it is that we can see the whole pattern, the whole picture of what took place in that time.

We want to point out that as the life of Jesus approached the time of Palm Sunday, that the land of Palestine was filled with excitement. This excitement came from the great hope that now they would overthrow the power of the Roman Empire. And that the day would come when they would be able to overthrow the power of organized Jewry which had taken control of their Temple. For the true Israelites of Judah and Benjamin, and the Galileans of the land, understood and recognize that the Jews (Cainanites) of Jerusalem were not the proper administrators of the Temple. That they were usurpers of the areas of authority. So it was that they wanted to see the removal of these people that held power over them.

We want to point out that a whole area of the community, a private group called a pastoral cult of Pharisees, were meeting outside the city of Jerusalem in the land of Palestine, in caverns and caves. And as this group met, they had with them the savants, and the philosophers and the students of Israel. They had the High Priests of the Levitical Priesthood background. And they were meeting and copying the manuscripts in the caves outside the city. So also, was a military group present. And some of them were descended from the old military leaders of Israel. All thru out the land of Palestine, these were meeting in the underground and preparing for the day when Messiah would take the throne and overthrow the power of Jewry. Then Israel would be again, a Kingdom and a nation. And yes, they had expectancy, great expectancy. The people of Palestine were aware that the Virgin Mary had been told that the child she carried was to be named YAHSHUA, and would take the throne of HIS Father David. They had heard and remembered these words. They knew how Herod, king of the Jews, had ordered the killing of the babies of Bethlehem in order to destroy Jesus. But that Mary and Joseph had taken Jesus into the land of Egypt for protection. And there at the Temple of On, they remained. There at the ancient temples built by Enoch and Job in earlier times, they remained until the death of Herod the king. Then they returned unto Nazareth, and there in that area of Nazareth, Joseph opened his carpenter shop and there Jesus spent the remaining days of HIS boyhood. Thus, the people had watched the growth of this young man. And then later as HIS ministry started, they watched the vast miracles HE performed, such as the turning of the water into wine, the unstopping of deaf ears, the opening of blind eyes, the stilling of the wind and

the waves, and the raising of the dead. All these things were the powerful record that this man was different from any other man. Surely, this man was Messiah. No man spoke as this man spoke. And the people were tense with excitement for they thought without question this was the Mighty Messiah.

Joseph of Arimathea, the uncle of Christ, and uncle of Mary, looked at the developments that were very significant. He was a powerful and wealthy man, there in the land of Palestine. And not only was a great trader, but his ships moved thru the area of the Mediterranean and on to the British Isles. He owned the tin mines of Cornwall, as well as land in Britain. And he brought the tin into the Mediterranean area and exchanged their goods with those from Britain. He was a Pharisee and a member of the Sanhedrin. But he was also a member of this mysterious company of Essenes who were living outside of the cities of Judea.

In the records of the Sanhedrin, we find that the Essenes were a pastoral cult of Pharisees who were segregationist and nationalists. Why--segregationists?--- Because the Essene Company were against the intermarriage of the House of Judah and Benjamin and the Jews of Jerusalem. They claimed these Jews were Cainanites. And intermarriage was a violation of the law. So you see this was why the Sadducees of the Sanhedrin were against the so-called pastoral Essenes, and why they called them a cult. Of course, they used to call David a pastoral King, because David was for segregation also. It was not until the days of Solomon that internationalism had moved into the House of Israel. Of course, as we go back into the writings of Moses, we find that God had warned the Israelites against intermarrying with the Cainanites and all these other people, and that these of the mixed multitude would turn them from worshiping God. And that this mixing would produce a mongrel people whom God would not recognize. God had said to Israel, 'Thou art a Holy people unto YAHWEH thy God.'

So it was that the Essene Company had an immense number of its people thru out Palestine working for the day when the Messiah would come. There was this brilliant young man who had descended from Jeroboam's army and his fathers and grandfathers before him had been military leaders. His name was Barabas. And he was a brilliant young man. And he was working for the position of the leadership of Messiah's army in the land of Palestine and Israel.

During this time, we see that Joseph of Arimathea was also very busy and very interested in the events that were taking place. While a member of the Sanhedrin, he was also a Pharisee and an Essene. But the true Pharisee believed in the Laws of God. They believed in the Mishnah, the oral Laws of God. They believed in the coming of Messiah, the power of Resurrection. And they looked forward to the areas of Truth. Then also in the Sanhedrin, were Asiatics. And they were reincarnationists of course. They had taken the Temple by fraud and Annas was high priest. And then Caiaphas the son-in-law of Annas, was high priest in the days we review in our meditation of today. We point out that Barabas had been building an army as he watched Jesus expanding HIS ministry. Jesus sent out 70, two by

two to every village and town thru out the land of Palestine. And thus, they notified the crowds that Jesus was coming. And under this organization the people gathered and they heard Jesus speak. And they watched the miracles of Jesus as they were performed. And thus, excitement was intense all over the land of Palestine---that this was truly Messiah---that Messiah had come.

Then Jesus was to turn to Peter and HE said, 'Peter who do you say that I am?' (Matthew 16:15-16). And Peter answered and said, 'Thou art the Christ, the embodiment of the Living YAHWEH.' And then Jesus said, 'Peter, flesh and blood did not reveal this unto you, it was revealed unto you by the Spirit.'

Thus, it was that Joseph of Arimathes involved in all the events of that time, then brought the beautiful blue velvet material from along the coasts of the Mediterranean into Palestine for these uniforms for this army of YAHWEH-YAHSHUA. And across the chest of the uniforms were the crossed golden fishes--the sign of the Church (children) and the army of YAHWEH-YAHSHUA. And in the hands of this army flashed the short swords of Damascus which Joseph of Arimathes also brought in. He had spent time and money and he secretly sought to help the organization for this army for Jesus. Across the country, the army was rising and they thought that miracle power would be bestowed upon them and they would overthrow the powers of darkness. True, the Sanhedrin could refer to them as nationalists, for they thought that Rome should not control their land. And also, they were segregationalist, because they would not marry Cainanites and would have nothing to do with the Sadducees who ruled the Temple.

Jesus proved that they were Cainanites when HE said they were of their father the devil and a liar and a murderer from the beginning, and the truth was not in him. So HE identified them for what they were. For Jesus in that day speaking to the people, said, 'Ye shall know the truth and the truth shall make you free.' But the Jews said, 'We were never in bondage at any time.' Thus, they proved that they were not the children of the tribes of Judah and Benjamin. Nor are they a part of the 10 tribes. For they said they were never in bondage. Thus, they had excluded themselves of the Egyptian bondage and the Assyrian, and Babylonian captivities as well. They were Cainanites indeed. And they proved it by their actions and their activities.

So it was that as the people had prepared and worked for this climax of this period when the time was getting close. Strangely enough, when John the Baptist as the messenger to prepare the way for the Messiah. So when he was a child, and until he was 10 years of age, he spoke of the mysteries of heaven, and of the magnitude of the ministry of the Christ, whom he had come to announce. He was the forerunner of the Christ. And we remember that his father had been High Priest in the city of Bethlehem. Then it was necessary for his father to take this babe out to the Essenes

in the caves outside the city, and there they cared for him lest Herod find him and kill him, as he had the other babies of Bethlehem. And there the Essenes were engrossed with the words of John the Baptist as he said that, 'Yes, Messiah would come, but there would be a mystery surrounding HIS taking the crown, because HE would take the Chalice instead.' They were somewhat mystified by this. And Joseph of Arimathea was also mystified for he, himself, had quizzed John the Baptist as a boy and John had told him that he knew not why, but Messiah would take the Chalice.

So it was that Joseph of Arimathea and others decided there were several things they must do to prepare for the crowing of Messiah. They had one of the crowns worn by David when King, and they had used artisans to install a ruby, emerald, and diamonds and a sapphire of enormous size. Jewels were brought to Mary by the High Priests--wisemen--who came to see Jesus when a babe. And these had been given to Joseph of Arimathea for safe keeping. These jewels were now placed in this crown and now it was a beautiful crown. Besides this, Joseph of Arimathea had the beautiful robe brought by the 4th wise man. This was the robe which had been used to save the life of John the Baptist at the time of the killing of the babes of Bethlehem, as this babe had been wrapped under this great robe by the 4th wise man.

So it was that as Joseph of Arimathea pondered these things, he sent to Greece for Demetrius the artist, the silversmith of great fame. And so in Jerusalem, then Demetrius was installed in an alcove off the great dining room in the home of Joseph of Arimathea. Here he was to produce a chalice and to engrave it. And as Jesus and HIS Disciples came often to the home of Joseph of Arimathea, when Jesus and HIS Disciples were in the area around Jerusalem, they would set upon the couches around the dining table and they would talk about the program of the Kingdom. And peoples of Jerusalem would come and they spent hours there listening to the words of Jesus, and questioning HIM. All this while the silversmith was carefully engraving. He had engraved Jesus in all the magnitude of HIS ministry, as HE was visiting with the people. And on either side of HIM sat all the 12 Disciples. Thus, Jesus and the 12 were pictured upon the outer cup, or chalice with its inner cup or Holy Grail, as it was later known. And one of the areas of mysteries was that as the silversmith came to Judas, this one Disciple, he could not place that face upon this chalice. So that face is blank---turning away. But the Chalice had the beauty of the magnitude of the Christ and HIS Disciples of HIS ministry as HE sat in the home of Joseph of Arimathea. So it was that Jesus went out around the city with HIS Disciples and they were becoming very excited, for they were discussing with the Essene Company and others of Palestine, as to the day when they would crown HIM King. James and John were over-excited. And their mother got over-excited as well, for one day, she said to Jesus, 'when you take over your Kingdom, will you put my two sons, one on your right hand, and one on your left?' Jesus replied that HIS Kingdom was not coming at this time, for it would still be in the future. But they thought, 'oh, yes, it will come, we have made all the preparations which Christ did

not know about.' Of course, Jesus in Omniscience, knew what as in the mind of the people, and what was going on in the land of Palestine.

Then it grew close to Passover, and the people said of this week, 'We will gather all Israel in the land of Palestine, and then we will crown HIM King.' So they began to pour in to the city of Jerusalem and the Essene Company, those of true Levites, were also very much excited.

And Barabbas was also getting his company ready. They had attacked many of the caravans of Rome coming into the city. And they took weapons and food for their army, as well as taking from the caravans that the Jews brought in with foreign goods for trading on the Temple steps. Jesus said that they had made of HIS Father's House a den of merchandise and of thieves. And thus, the Jews had done this by buying and selling on the steps of the Temple.

Barabbas had killed a Roman soldier in one of these raids, and Rome now had a price on his head. So they called him a murderer. But he was also a Zealot and a Patriot. After all, if George Washington had failed in his Revolution, he would have been called a murderer also, instead of being called the father of your country.

But the program was of great magnitude as they prepared for this day. And then Jesus turned to HIS Disciples and said, 'I go to Jerusalem.' And HIS Disciples were tense with excitement. As they came over the hill toward Jerusalem, they stopped and Jesus said, 'Over the next hill is the little town of Bethany.' And it was just a little way over on the other side of the Mount of Olives. Jesus said, 'I want you to go over there and you will find a little ass with a foal by its side. Untie this ass and bring it to me, for I will fulfill the passage of scripture which says, 'Behold, thy King cometh riding upon an ass, with a colt, the foal of an ass by its side.' (John 12:15.) Literally, HE fulfilled the Old Testament prophecy (Zechariah 9:9) as HE came into Jerusalem riding on the ass with a colt, the foal of an ass along side. Now, the Disciples were more excited than ever, for they knew this old prophecy. And they knew that they had made preparations for this day. When the two Disciples went to take the ass, the man who owned it said, 'Where are you going with this animal?' And the Disciples said, 'The master has need of it.' The man said, 'Take it,' for it was a great honor for him to supply the ass for the Master whom he also recognized as THE MESSIAH.

Thus, Jesus mounted the ass and started the ride toward the gate of Jerusalem. And the multitude were not streaming out the gate and were throwing their garments down before HIM as they shouted, 'Hosannah in the highest.' Then out of the city came the people by the thousands, and the great cry rose up, 'Hosannah to the Son of David. Hosannah to YAHSHUA who comes in the name of YAHWEH.' Yes, the cry rang out. And instantly the blue tunic army is in full view, and their glistening

swords shown in the sun. And they with the multitudes, cried, 'CROWN HIM KING, CROWN HIM KING.' All Jerusalem is now echoing with the cry, 'CROWN HIM KING.'

Jesus made HIS way to the steps of the Temple and the throngs followed. And the whole city was filled with excitement for the cry came again and again, 'CROWN HIM KING.' The true Israelites had gathered for this very purpose. Joseph of Arimathea had separated himself from the other members of the Sanhedrin, and was in this crowd of Israelites there at the steps of the Temple when on a beautiful crimson pillow, the Crown appeared, and it was carried by the True Levi of Israel. And Joseph of Arimathea was also with them. As they moved to Jesus with this Crown of jewels showing in the sun, also came another pillow, and on this pillow was the Chalice. For altho they had great hopes, they knew not quite what to expect in this hour. Therefore, they approached the Christ still shouting 'Hosannah in the highest---CROWN HIM KING.'

The high priests high on the steps of the Temple were puzzled. And they said, 'How can they call HIM David's son, when David called HIM LORD?' But the people of Israel were saying, 'HOSANNA, HOSANNA TO YAHSHUA WHO COMES IN THE NAME OF YAHWEH.'

Then these of Israel approached Jesus and would have placed this beautiful shimmering diadem, this crown upon HIS head. But then Jesus dashed their hopes as HE said to them, 'No, I cannot at this time take this crown.' Even the little Jew who carried the money bag began thinking, 'sure, crown HIM King and I will then carry the money bag for a King.' And he said, 'Take the crown.' But Jesus just looked at this little Jew and HE turned back to these of HIS Children, and HE said, 'No, I will not take this crown. If I were to take this crown at this time, I would rule you in sin, and in slavery and without freedom. I must fulfill this purpose for which I have come. I MUST TAKE THE CUP. What man of you can drink of this cup, and by taking this cup, fulfill My responsibilities in the purposes of YAHWEH? For when you are set free, then you will be free indeed, for now My Kingdom is hence, and later it will not be delivered to the Jews.' Then HE also elaborated on this as HE said, 'At the proper time My servants (Israel) will fight, and My Kingdom will not fall into the hands of the Jews (Cainanites).' Then Jesus pushed the great crown back and HE took the Chalice instead.

Instantly, the crowd felt a great wave of total disappointment. The wave of excitement disappeared as did the blue tunics of the army and their swords. The anger of the priests on the highest steps of the Temple had been high, but they were also worried as they saw the masses, and the swords. And they did not quite know what to do.

Jesus took the beautiful Chalice and held it for a moment and then turned and handed it to John. Then HE turned and took a rope and quickly wove it into a cat-o-nine tails, and with it HE drove the moneychangers and overturned the tables of

merchandise that were on the steps of the Temple. HE said, 'Ye have made My Father's House a den of thieves, murderers, and robbers.' And HE started to scourge those on the steps of the Temple. And the high priests and even their armies drew back in fear that day, whereas still in the back of the crowd they were still saying, 'CROWN HIM KING.'

Then the crowd disappeared, each unto his own place. And Jesus and HIS Disciples then went to the house of Zebedee. Judas of Iscariot separated himself from the other Disciples and he went to the head Jews and he said, 'do you want to know where this Barabbas--the head of this army which saw with their gleaming swords, and blue tunics--this power behind this Jesus, is? He is going to be at the home of Peter's father, Bar Jonas tonight. And there you will find this one who is the head of this army which can take over Palestine at any time they wish.' Well, the Jews called the leaders of the Romans and told them where they could find Barabbas. So they went and took Barabbas and put him in prison.

As the end of the week was approaching, then Jesus told HIS Disciples to prepare for HIM an Upper Room, that they might eat the Passover Supper together. And at the Passover, the Disciples sat with Jesus eating the Passover and the Master took the 'Inner Cup' from the Chalice and said, 'Can you drink of this 'inner cup' with ME?' And the Disciples said sure we can. And Jesus said, 'Yes, so shall ye drink of this cup.' Then Jesus broke of the bread and then said, 'One of ye who puts his hand in this cup with Me shall betray Me.' And Peter said, 'Oh, LORD, is it I?' Peter could not imagine this happening. Then each of the Disciples asked, 'LORD, is it I?' Then later this would come back to the mind of John, and he would record that even Judas of Iscariot asked 'Lord, is it I?' Then Jesus turned to Judas and answered him, 'Go and do what you must do.' And Judas of Iscariot went out of their midst and ran to the Jews. After all this was not surprising for Jesus had told HIS Disciples earlier, that, 'I have chosen you twelve, but one of you is a devil.' We are told that after this 'Jesus walked in Galilee, for the Jews sought to kill HIM. (John 7:1). Of course, thru out the background of the life covered by the Gospels, always the Jews sought to take the Christ, to stone HIM, or to kill HIM in some way. Even to sending out soldiers to do that work for them. But the soldiers returned saying, 'Never a man spake as this man spake.'

Having concluded the Last Supper, Jesus took the 'inner cup' and left the outer Chalice with John, and HE said, 'we go to the Garden of Gethsemane and there I will pray.' So they went into the Garden of Gethsemane and Jesus went a little apart from the Disciples and there HE filled that Cup with Living Water. As HE filled this Cup with clear water, it was to fulfill the most important area of the drama of that week up until the Crucifixion of Jesus the Christ. Symbolically, this was to fulfill a symbol of mystery which comes down out of the program of the Kingdom of Heaven. For as Jesus took this water as a substitution for the

transgressions of the human race, it was for every transgression that had been committed by the sons of Adam on down to the time of Christ's ministry and on into the future unto your life, until the fulfillment of HIS returning majesty. All transgression--all sin--was significantly and symbolically in the liquid of that cup. And thus, JESUS BECAME TRANSGRESSION FOR US. When HE drank that Cup, HE said, speaking here in HIS humanity, 'Eternal Spirit, if it be possible, let this cup pass from ME, but not My will, but thy will be done.' As HE drank that cup to the last drop, HE was the Lamb of God without spot or blemish, without sin. HE was the magnitude of God walking in the flesh, and HE became transgression for you. HE took upon HIS spotless nature, all the guilt, the condemnation, the background of all transgression, and every sin upon the face of the earth. Only God could do this. Only God had this authority. And only God assumed this responsibility. And the agony of all this upon the body of Christ caused HIM to sweat great drops of blood, as HE took that Chalice, that Holy Grail and drank it to the last drop. Thus, it is we have the mystery of the Holy Grail.

The Holy Grail, this Inner Cup, was taken by John from the Garden as the soldiers came to take Jesus and lead HIM off to the chambers of Annas and Caiaphas the high priest, after the betrayal of Judas of Iscariot. This Holy Grail was then taken by Jon and placed again inside the Chalice and then given into the care of Joseph of Arimathea.

Thus, we have the background of these events that were to transpire, and we know that Joseph of Arimathea took this cup which later, after the Resurrection of Christ, the Church was to guard this Holy Grail with their life, for it was a priceless treasure, this Chalice with its inner cup.

As pressure increased against the Disciples and the people of HIS Church, the treasure was taken in to Egypt to Alexandria, where later Mark would be the Pastor. It passed then from Church to Church in the East. And later the Great Church of St. Sophia was built at Constantinople, and this chalice and inner cup was taken to that Great Church and used in the communion services. Then when the Turkish conqueror Sultan_____ (Suleman?) came, he conquered Constantinople and the Priests of this great Temple fled and with them went this Chalice with its inner cup to Antioch. There in a small church in Antioch, this great treasure graced the Altar for about twelve years. At that time, then the Turkish conqueror then conquered that city and part of this little church was burned. But the Turkish conqueror did not take the chalice form he did not even know it was there. Later Arabs excavating the ruins of Antioch about twenty-five years ago, unearthed the Chalice of Christ. This Chalice had long been sought. We remember that King _____ (Appelstain) With the Knights of the Round Table---and you know that this king was King Arthur, and the Knights of his Round Table had hoped to find that Holy Grail.

Then later this inner cup was found and brought forth, this great treasure of Christendom, and Rockefeller bought this great cup and gave it to the Metropolitan

Museum of Art, for a treasure of Christendom forever. The Greeks keep borrowing it when they open up a great Cathedral. This cup is also now in this city for the opening of a great church, in the Cathedral of St. Sophia. And is in another museum of art, where you can go and behold that treasure,---this cup used by Jesus in the Garden of Gethsemane, that Chalice that the KING took instead of the Crown.

We can be so thankful this afternoon, that the King took the Chalice instead of the Crown, because now we stand before HIM absolutely free. Because when HE drank the cup to the last drop, HE removed our transgressions from us as far as the East is from the West--- and TO REMEMBER THEM NO MORE. Thus, by HIS stripes, we are healed.

As we turn to this pattern of the Chalice and the King, then we recognize that we will behold the day when HE shall take the crown. We know not where this crown is today, but it shall appear again when they bring it forth to crown HIM ‘LORD OF LORDS.’ As we see the conditions that are sweeping this world, we see the fulfillment of the patterns of prophecy. We see these conditions getting worse in some instances. But again, these are some things which must come to pass. For very soon the Heavens are going to be filled with the Divine glory of the Host of Heaven as they make their appearance with Michael, with the power of God. And then the King of Kings will re-enter the affairs of this world and reassume the administration of HIS Kingdom. In that day, we will then bring forth that Royal Diadem and Christ will take the Crown. We will crown HIM KING of Kings, and the majesty and Glory of YAHWEH will spread over the House of Israel, like the sun upon the earth and the waters which cover the sea. In that day, when we behold the Majesty of God’s Glory, we shall remember that HE is our KING of Kings, our LORD OF LORDS.

THE WORD BECAME FLESH

by Dr. Wesley A. Swift---4-25-70

You, Israel, have been given covenants by the MOST HIGH GOD. And more than that, you have been given assurances of survival, more than that the Household of God is a part of something which is Eternal which can never be destroyed.

To start our message, we turn back to the Gospel of John which opens with these words:-- 'In the beginning was the WORD, and the WORD was with God, and the WORD was YAHWEH (God).'-----

The mighty super intelligence of the Spirit of the MOST HIGH YAHWEH, is the Eternal Father (Creator). This brilliant intelligent wisdom was 'the WORD' of all the words ever spoken, of all the words which would ever be spoken. And it emerged forth from HIM. 'THE WORD became flesh and dwelt among us.' This is talking about the fact that the man CHRIST JESUS was the fulfillment of YAHWEH (God) dwelling in the flesh. HE is the Life which is the Light of men, and is also the Light which is the life of men.

As we read this again, we understand the fact of the Majesty, and the greatness of the MOST HIGH GOD, who became embodied as MESSIAH in the heart of HIS Kingdom. And assured the nations of the world that HE came for a definite and complete purpose. HE came in to bring power and light unto HIS many sons, who had the capacity to believe on HIM because they were born sons of the MOST HIGH. Thus, you see that the WORD then became flesh and dwelt among us for a definite purpose.

'All things were made by HIM, and without HIM was not anything made.' Who mad all things? The Eternal Majesty of the MOST HIGH YAHWEH. And we call HIM, JESUS CHRIST.

Now, when we realize that Jesus was not the proper name, which was YAHSHUA, then we think of the words back in the book of Isaiah, as Isaiah says, (recording for YAHWEH)---Isaiah 43:11---- 'I, YAHWEH, I am thy YAHSHUA.' This is of course, the Eternal Almighty YAHWEH (God). 'Beside ME there is no Saviour (YAHSHUA).' Thus, the WORD became flesh and dwelt among us. Therefore, we understand that YAHSHUA was the embodiment of YAHWEH in the flesh, walking among us. And we think of the words of Paul talking to the Greeks and he used the word 'Yah-Zeus----YAHSHUA. And this meant 'YAH' (God)--SHUA (Saviour), or our Saviour God in Greek. Then the word was changed from YAH-Zeus in Greek to Jesus Christ in English. But the fact still remains that HE is the ONE ETERNAL MIGHTY YAHWEH (God) head of the program of HIS Kingdom.

When it talks about the majesty of God, and the power of God in your scriptures, then I want to point out to you that the family of God is also directly involved as 'the WORD became flesh and dwelt among us.'

Now, Jesus Christ, HE the MESSIAH, is called Jesus Christ. But the word Christ is only a Greek word meaning embodied in the flesh. So YAHSHUA embodied in the flesh is exactly what the expression 'Jesus Christ' really means. More than this, now YAHWEH points out something rather unique concerning you, because HE says that you are a most important people who are 'Christed' in a most important way. HE says that it is 'the Christ in you which is your hope of Glory.' This means

that you are also embodied in the flesh, having been children of HIS Spirit, begotten of HIS Spirit, before the word was framed. You are the children whose names HE wrote in the Lamb's Book of Life before the foundation of the world. You are a Household of the MOST HIGH, you are children of HIS Spirit. And the Apostle Paul, in I Corinthians 2:16, says, 'We have the mind of YAHSHUA (Christ).' What? We have the mind of YAHWEH who was embodied in the flesh as YAHSHUA (Jesus Christ)? Remember therefore that spiritually the Household of your race has the mind of Christ.

There is no question of the importance of this because we are the race that can think the thoughts of YAHWEH (God), that can understand the patterns of HIS scriptures, that can understand the patterns, and listen to the voice of HIS prophecy, and that can commune with the MOST HIGH. The Chinaman cannot commune readily with the MOST HIGH. The Negro doesn't commune at large with HIM, for he has a soul consciousness which can respond to HIM, but does not have the Spirit such as you have, which can commune with HIM. This spirit which you have is the spirit which is of the Everlasting YAHWEH. You are told in the book of Corinthians, that we do not have the spirit of the natural man, but we have the spirit of the spiritual man, given to us by our FATHER, which freely gives us the knowledge, the wisdom, of the MOST HIGH. So therefore, as we talk about HIM, then we say that 'THE WORD became flesh and dwelt among us.' And then as we understand the Majesty of this, we know that this is the LIGHT which is the LIFE of men, and now that mystery is clear. The LIGHT of YAHWEH, and the LIFE of YAHWEH, is in the heart of our race.

Now, this is one of the reasons HE didn't want this race mongrelized or contaminated. For it is the program of the survival of HIS Kingdom, and is built on the Celestial descent from heaven to earth. We are 'Twice born' individuals. We have been begotten in the spirit, and begotten in the flesh. For this is what 'twice born' means. We have been begotten by the MOST HIGH in the Spirit, and begotten in the earth, thru the Adamic race. Therefore, as we turn in the areas of the scriptures to this concept, we are told that we have been begotten of incorruptible seed. The Apostle Paul tells us 'Begotten of incorruptible seed which lives and abides forever.'

No wonder then, that Jesus said, 'I give My sheep Eternal life, and they never perish.' No wonder then, that you are of incorruptible seed, and you cannot corrupt incorruptible seed. The spirit which lies in the heart of your race cannot be corrupted. Now, you may say, 'But I see men of our race violating laws and doing many terrible things.' Yes. They may do this in their flesh and their physical consciousness, and their thinking is totally wrong. But the spirit in you has not done these things. And the spirit is the area which YAHWEH-YAHSHUA will use as HE brings back the consciousness of HIS people to the areas HE has ordained in the mightiness of HIS power. You were born of incorruptible seed that lives and abides forever. And this is why the scripture tells you 'be not conformed of this world, but be ye transformed by the renewing of your mind. For HE will renew the mind of

HIS people, and HE is going to bring forth a perfect people. 'All Israel shall be saved as it is written.' (Romans 11:26). And HE shall turn away the ungodliness of Jacob and 'All'---not just some--- 'All' Israel shall be saved.

My friends, there is no limit to the power of God, to the Grace of God, to the magnitude of God which HE will function, and with which HE will work. There is no limit to the capacity of God to bring upon the earth the areas of chastisement and judgement which are necessary, and in which HE assures you that in these areas, you will be victorious.

So it is that you are the children of the spirit which lives and abides forever. And with this pattern then again, we tell you that it is not a matter of being saved or lost in the patterns of Eternity. For God says HE is going to save all flesh, before HE is thru. The power and the infinitive of the Grace of the MOST HIGH is beyond the measure of most individual thinking. Many churches do not understand the magnitude of God's Kingdom, nor the greatness of HIS Grace, nor the absolutes of HIS power. Today, they are turning away in so many ways from the truths of the MOST HIGH YAHWEH (God), and are following the courses of darkness. Lucifer understands the majesty of God's Kingdom. He understands that it will be victorious unless he can mongrelize it, destroy it, on some way which brings it to a point beyond which it cannot survive. And he believes this can be done. He doesn't realize that the magnitude of God's Grace will be sufficient, for ultimate areas of victory. But the day will surely come when even Lucifer will worship at your feet and he is going to call upon the MOST HIGH YAHWEH.

We look out over the earth, and we see the swelling of catastrophes because we can well understand that the prophecies are coming to pass as the MOST HIGH hath declared. We think back to the pre-Atlantian days of antiquity when Horus the original High Priest of Egypt wrote his book of 'Horus.' How he told of God's children of Spirit coming to earth and he wrote of how they, the people of Egypt, had fled from the sinking continent of Atlantis. And later, Plato, as he went down into Egypt to study, would write also of Atlantis as it is now called. This ancient land was where the Atlantic Ocean now is. And that is also where our ocean got its name. But Horus, long ago, tells of how they worshiped in Temples on that ancient continent and how the temples were administered by the Spiritual children of the MOST HIGH YAHWEH. How they could see them as they didn't have bodies of flesh---see them only at times and then dimly---when their light consciousness was made visible to the people unto who they ministered. They could hear them at times, altho they could not see them. Horus tells how the integration program of Lucifer, this mongrelizing, this seeking to bring destruction and catastrophe upon the face of the earth, actually brought catastrophe to the continent upon which these ancient Atlantans lived on. And how the volcanoes broke out and water rushed into cavities in that land and the continent started to sink. Horus tells of how here

at this great Pyramid Temple on that ancient land, that he, Horus, and his people, worshiped in. They were told to flee to the eastward, and this they did. They crossed the final land bridges before the last and final destruction. And they fled across a luxurious area of North Africa. This was at that time, an area of many grassy plains. And finally, they came to the Nile River where they settled. But as Horus talks about this, the most important thing for you to remember, is that he talks of you being the children of the ETERNAL YAHWEH. As he refers to you, he says, 'the prophecies given to him for the people who are now the Egyptians, as they settled in that land is that God would one day embody HIS children of Spirit, in the flesh and they would be the children of Osiris--the Ka of Ra. Osiris is the LORD OF LIFE AND RESURRECTION, and Ka means soul. Ra is sun or light. But this is only a title they used, for Ra is also a title for a tremendous and great God. But remember, that most Egyptians would in time worship Set and Soth. For Menthos and others worshiped Set and Soth, pagan gods. In fact, when they would talk about your race, Enoch and Job coming to build the Temple and City of On, and the Great Pyramid, and other things,---they would say, 'a strange and ignoble people came into Egypt and influenced our ruler Khufu.'

Now, the old word 'Khufu' was the old title for Pharaoh. In fact, it came from ancient Atalanta from the writings of Horus. And people now talk about Khufu as being the builder of the Great Pyramid. But whatever Pharaoh existed at the time of the building of the Great Pyramid, his title was Khufu. And they talk about the pyramid of 'Cheops.' But Cheops is just the Greek word for Khufu. And they don't seem to understand this. But the pattern still remains that Khufu became entranced with the Light of Life which came out of the sons of Osiris, the Ka of Ra. But that these children of the Ka of Ra, were an ignoble people. But this was just those under the bondage of pagan gods who were speaking. For Set and Soth were the good gods of their thinking. And they worshiped the darkness and all the pagan patterns. But still they recognized that you were the children of Light and Resurrection. Actually, Osiris means the god of Light and Resurrection. And we see this as a great spiritual truth.

Back in the days when Job wrote his book which is found in our Bible, back in the days of 4000 B.C., or nearer to 5000 B.C., he wrote concerning the LORD OF LIFE AND RESURRECTION. He knew that HIS Redeemer would stand upon the earth in the 'latter day.' And altho the worms consumed his physical body, he knew that 'with these eyes,' he would behold his Redeemer. So Job believed in the power of Resurrection. And thus, also Osiris was this God of Resurrection as well. So you see, that Horus was a good High Priest to these ancient people who we call today, Egyptians and their descendants. He had told his people the things which had been told unto him concerning your race. He told then about the impact of your race being the very LIGHT and LIFE of YAHWEH.

No wonder then that YAHWEH says that in HIM is the Life of the very Light of men, and then changed around, it is, 'The Light of HIM is the Life of men.' Thus, upon your race is a pattern of knowledge and of wisdom and of intelligence which is

different than the background of other races. So the MOST HIGH has called your race to stand out in wisdom and great majesty to be a light to the world. It must repudiate the powers of darkness and the forces of evil. It must call for a victory in the program of God's Kingdom. And your race will do this.

I think that you will see a great spiritual outpouring of spiritual power which will descend upon the nations of God's Kingdom. The scripture says a 'latter rain,' a short work of righteousness and 'after that, will I come.' I think we will behold from now on, more and more of an awakening upon the part of Christians. And we will see a definite split between you and Communist workshops which are working all thru your society, to bring about the surrender of your nation, in to the hands of the powers of darkness. Under these conditions, then we can be very happy that there is a Michael, the Archangel, standing by to come to our assistance in the hour of necessity.

When YAHWEH talks about you, the word is Saints, believing offspring of the MOST HIGH. You are spirit of HIS Spirit, and life of HIS Life, as well as vitality of HIS vitality.

There are however, so many areas of error, and I heard a clergyman the other day telling his people that one of the things we must train our people to do is --that they must do the thing they feel adversity toward, that the thing they do not like, or the person they do not like, are to be accepted. There are to discipline their minds and turn their emotions loose as to those things they do not like. They must learn to love every body, be against nothing and then they will have great spiritual discernment. And they will have Peace. But---this is NOT true. For Jesus said, 'If I be lifted up, I draw all men unto me.' But if you look out over the world, it is White men who were drawn to HIM, and actually the scriptures read, 'I draw all Hu-men unto me.' Hu-men would come to HIM, for the others do not have the same background as the Hu-men or Adamites. They do not have the same spirit nor the capacity of wisdom, or the knowledge and understanding to 'come unto me.' Therefore, you feel an affinity with those people who have the spirit of the MOST HIGH GOD. Why? They are the Household of YAHWEH. And this is also the reason that you have an aversion to others who are not of that Household. For instance, you have an aversion to the Jews, and you can feel yourself feeling warm to your people, but not to them. But here this minister says that you must just force yourself. You must discipline your mind and accept these things which you have an aversion to.

But I tell you that YAHWEH HAS GIVEN YOU THIS AREA OF DISCERNMENT AND THIS IS A GIFT OF THE SPIRIT. HE gave nine gifts of the spirit, and discernment is one of them. And this is something which rises in you which makes you feel that this thing is good, or it is not good. There is a discernment of Christians against Communism, against the political philosophy of the Communist,

against the trap it would weave to destroy God's Kingdom. Therefore, the Christ (Spirit) in you is your hope of Glory. There is majesty and power which shall emerge because God predestined you to conform to HIS own image, to the image of the son (HIS embodiment). And this is the place which eventually your race will arrive at, once again.

'Arise and shine, for thy light has come, and the Glory of YAHWEH has risen upon thee.' (Isaiah 60:1).

Thus, we pray that there will be a tremendous quickening thru out the nations of our race. It is important that we start to realize that we do have the mind of Christ (the embodied YAHWEH) for we do not think like the Asiatics or the Negroid. We think with the thought of the MOST HIGH GOD. And this is to bring out the greatest development, the world has ever know, which is God's Kingdom on earth as it is in heaven.

(End of sermon)

TREASURES IN EARTHEN VESSELS

By Dr. Wesley A. Swift 4-26-70

Do we have treasures in Earthen Vessels? II Corinthians 4:7.... 'And God who commanded the light to shine out of darkness, hath shined in our hearts to give the light of knowledge of the glory of God in the face of Jesus Christ. But we have this treasure in earthen vessels, that the excellency of the power may be of God, and not of us.' This means that the Eternal YAHWEH hath shined in your heart, and places upon your countenance an area of aura. God has ordained and predestinated that you are going to conform to his own image, that the Light and the Glory of the MOST HIGH GOD is going to be seen upon your race, and upon your household. And we have this treasure in earthen vessels, which makes it a most unique situation because when we talk about this Light we are talking about the Light of Life. We are talking about the vitality of God's own Light and His own Life, as he transfers it into the household of his own sons and daughters. The Apostle Paul tells us that his spirit bears witness with our spirit that we are the children of God.

Now:...there is no question about the pattern of God's Household and his children. There is no question about the fact that the Adamic race is the household of the MOST HIGH GOD. But when God begat Adam in his own image, and separated Eve from Adam so that they might be of one flesh, they were still HIS offspring, and this was his household...spirit of His spirit, and life of his life. They were different from the Enosh, or the other people of the earth, for they were Adamites, they were the children of the MOST HIGH. But God had placed them here for the betterment

of all the Enosh peoples as well. For his kingdom is for the improvement of every structure of society, and when every knee shall bow, and every tongue proclaim that YAHSHUA (Christ) is YAHWEH (God), then in that day we will discover that human betterment will have been achieved all over the world. But that my friends, does not bring you down to their level, or them up to your level, in the purposes of the MOST HIGH who ordained that out of the patterns of the planes of Spirit and out of the heavens above, HE was transferring His Kingdom from heaven to earth. A spiritual people was this Kingdom...a spiritual people begotten into the world, a 'Twice Born' generation... a twice born people. You have been begotten by the Spirit of God in the planes of heaven, as a spirit entity. You have been begotten in earth in a physical body, and thus you are 'Twice Born'. The Enosh people are not 'twice born' because they were never begotten in the planes of spirit as the offspring of the MOST HIGH GOD. We point out to you that when it refers to The Christ, it refers to HIM as the second Adam, and the first Adam was the offspring of the MOST HIGH, and thus the second Adam was a 'life giving spirit'. So God refers to himself as the second Adam. We turn to the book of John once more:...'In the beginning was the WORD, and the WORD was God.' The great understanding intelligence, the intelligent capacity, the tremendous wisdom of the MOST HIGH, this is the brain intelligence of YAHWEH. Now this is with God, a part of God, and it is God, and this WORD became flesh and dwelt among us. In other words God became embodied in human form, in His Messiahship, and dwelt among us. And 'All things were made by HIM, without HIM was not anything made.' And 'He was before all things, and by HIM all things exist.' Therefore HE who is the Eternal Majesty of all power, HE who has the wisdom and understanding is also the light that lighteth every man who cometh into the world. Therefore again when it says that he caused the light to shine out of darkness, HE caused it also to shine in your heart. To place this Light and Glory which shown on the face of The Christ...in you. After all as we find the entrance of God into the world, we find that he comes as YAHSHUA the Christ, and the word Christ is a Greek word for embodiment. The Greek YAH-Zeus has been used and other languages had their words, but we have retained the name Jesus Christ. However the WORD is YAHSHUA...Christ or Christos means the embodiment of God. Therefore when God came to earth he came as YAHSHUA. 'I YAHWEH am thy YAHSHUA', as he said in the book of Isaiah. Or in other words:...I God am thy Savior and am embodied. And you also therefore are embodied as his household. Turning to the record we find that we are told that the Christ in you is your hope of Glory. Your hope of brightness of intelligence, of brilliance is Christ (embodied) in you. I Corinthians 2:16...we are told here that we have the mind of Christ, so what does this mean?...it means that you are children of the spirit, now embodied in the earth. In the 82nd., Psalm, this is also the meaning as it says:... 'Ye are Gods (Elohim) and all of you are the children of God. (YAHWEH). This is the declaration of the scriptures, and when He says you are going to Arise and build His Kingdom, then you will have the capacity to understand the wisdom of His mind. This is because HE has purposed it, and HE is the one who shines in your heart. He is the one who breaks thru with these great powers and principles.

We read in the book of Romans in the 8th., chapter:... 'The whole creation is groaning and waiting for the manifestation of the Sons of God.' Not only does the whole creation vibrate with us...waiting, but we also are waiting to wit:...for the redemption of our body. But we are the first fruits of God's Spirit, who are waiting, and they...the Enosh, are the creation. We are the spiritual sons of the Adamic Race, and we are hu-man, and we are the children of the MOST HIGH GOD and we are waiting for the redemption of our Body, while they...the Enosh, or creation are waiting the Salvation, or the light and illumination which God's Grace will pour out on them. For God speaking of this matter talks about the great triumph which will come in the days of the victory of His kingdom. For 'All Israel shall be saved as it is written, and then all Flesh is to be saved'....because God is Great, and in the magnitude of his program He says...'I can lose nothing.' You have been begotten in the planes of spirit, have been begotten of incorruptible seed which lives and abides forever, so, can you corrupt something which is incorruptible? No...you cannot. Oh, you say, look out on our race and see....men are doing things which are of corruption. They may do these things in their minds, in their physical bodies, but the spirit is incorruptible...it is still perfect. And thus the Mighty charge of the power of God, and the light of the mighty charge of His spirit is one of these days going to bring our people to their senses.

You say,--but suppose some of them have already passed away before they came to their senses? Then YAHWEH-YAHSHUA will bring them back and make them do the job they volunteered to do, because as the sons and daughters of God, the triumphant part is that God's WORD is true. When he says that you were begotten of incorruptible seed that lives and abides forever, then this is true. And it is The Christ in you which is your hope of Glory. It is the mind of Christ in you that is the power of greatness, and the magnitude of a society. You look out over all the people of the world, and you think that men may be made somewhat in the same stature, there are big men and little men, brown men, and yellow men, and black men and other men, and you look over these people and then someone tells you that they are all the same, the only difference is the color of the skin. That you must mix them all up, mongrelize them so they will all be the same....integrate them. But this is not the program of God's Kingdom. Under the program of God's Kingdom his sons and daughters are going to take the kingdom, and they are going to rule and reign in that kingdom. And the power of the mind of God, this pattern of wisdom and of understanding, and of knowledge which made all things, and made it good, is going to be in perfect control of the problems of the earth. You can go into a grocery store and you will see cans all over the shelves, big cans, little cans, so don't pay any attention to the labels, because they are all the same?? You say, Oh, Dr.. Swift we have to pay attention to the label so we will know what is on the inside. Well! you better pay attention to the label on the race as well. Because this Adamic-white race are the children of the spirit of the MOST HIGH GOD. And the MOST HIGH GOD hath declared that the Adamites are the household of His spirit. I Peter....here

Peter says:...'Ye are a Royal Household, a chosen people, a chosen nation, therefore under these policies you are lively stones built up into a spiritual house unto the MOST HIGH GOD.'

Now: go back to the writings of Malachi 4:2 and we read:...'The sun of righteousness shall rise with healing in its wings.' The light of consciousness, wisdom and intelligence is the light of the person, in the presence of the MOST HIGH GOD. The winged Orb has been a mark on your race for many, many ages. It was one of the symbols carried by Enoch and Job, carried by many of your great forbearers. It was the cartouche mark of Joseph when he was one of the leaders of Israel of Egypt. It... this sun of righteousness...the Winged Orb was used everywhere the Aryans went, for they carried it with them. You find it up in the Scandinavian country, for they had the Winged Orb, and in Anglo-Saxon lands you find the Winged Orb, as well as in Germany and even way back in Druidry. 'The sun of righteousness rises with healing in its wings.' Menthos who was the pagan writer-historian in Ancient Egypt who worshiped Set and Soth, which is Satan, and the gods of darkness was very angry because, he said:...' the Khufu's or Pharaoh's of his land have been influenced by the white race who built this great Temple and altar down in the land of Egypt. And he said that even Pharaoh had been converted by the light which came out of these children who are the children of Osiris, and the Ka of Ra.

Now:...Ka means soul, and Ra means God of light and understanding and Osiris is Lord of Life and the Resurrection. So they believed in Set and Soth, and called you an ignoble people. Always the powers of darkness have called you an ignoble people, but the pattern remains that you are even acknowledged by the patterns of the ancients...as the children of Light. Even Horus the original prophet of ancient Egypt the prophet of the people who migrated from the sinking continent of Atlantis and from the ancient Temple there said that God had promised that one day HE would place his children in bodies of flesh, and they would be the children of Light, and that their spiritual entity would be the very Light and power of his own spirit. They would be spirit of his spirit, light of His Light. Thus we turn back to the book of I Corinthians again, to the second chapter, and we cite to you that by the light of his spirit he brings unto our attention the knowledge of the wisdom of all the things which are in the mind of God. The natural man cannot understand these things, but we of the spirit can understand because we have the spirit which is of God, and the mind which is of Christ. (the embodiment of God). One of the strange things I heard from a minister the other day who was continuing in the same pattern which I have heard for so many years, is that they must destroy the powers which would destroy them. This is of course this same old idea, that if you have an aversion to something or someone, then you must learn to accept it, or them and not be against anything. You have to learn to love anything and everybody, and this then will cause a great transition in their minds, and they will be triumphant in all this, and will then like everybody. And this will be a great program for the development of the Church and the world, and of all things.

Now:....When YAHWEH talks about the light of Christ in your face, he

is talking about the light of the spirit which is the Aura which comes off of all people. You may not see this Aura, but it is there. It has a wave length of energy from those who are quite illuminated, because of their knowledge of the wisdom of God, and because they have translated the concepts of spiritual truths into their mental concepts, and it is a part of their life. Others do not spend much time as they should, in this pattern of communion and worship. The more a person becomes aware of the mind of God, and the knowledge of God, the brighter that Aura shines. That is one of the reasons you are told not to leave off the assembling of yourselves together, because you catalyze this power of spiritual emanation. So as we point this out to you we also call your attention to the words of Jesus:...If I be lifted up I draw all men unto me.'

Now:...this is hu-men...spirit men and all Adamites, and this is those that came from the spirit, and they did come to Christ, but the Asiatic or Negroes did not all come...only the white men...Adamites have come to HIM.... all come.

Now:...I want to point this out to you again:...you may be drawn to some people, and turned away from others. There may be a deep affinity between you and Christian people everywhere because they have the same concepts of the knowledge of the worship of God. But they do not have the same concepts as the pagans of the world, or the Jews who are their father the devil. Jesus said:... 'Ye are of your father the devil, and the lusts of your father ye will do.' But this minister I was mentioning would have you turn away from one of the great gifts of the spirit, which is this gift of discernment. This gift is a strange understanding, a know how which dawns upon your countenance, which you do not have anything to do with, and you do not permit any areas of power, or anything which relates to the structure of administration, education or government to fall into the hands of the enemies of God. Through your program of the Kingdom which God by the power of His spirit, and by the light of his illumination, has already given you....as well as the gift of the spirit which has been given you as an internal sense to avoid this very thing. We tell you that the power of the light of God and the power of the Aura of God which shines forth upon the countenance of God's children is going to be one of the most remarkable conditions the world has yet to see.... 'Arise and shine thy light is come, and the Glory of God hath risen upon thee.' God who hath shined in darkness hath shined in your heart with the Glory of YAHWEH which was upon the face of Christ (Yahshua), and this comes also out of the countenance of the children of God, and out of the background of their spiritual communion. For you are spirit of His spirit, Light of His light, and life of His Life...children of the MOST HIGH. And God who created the heavens and the earth hath ordained the success of His Kingdom, that righteousness shall triumph, and the overthrowing of the darkness will take place. The enemy then comes in and seeks by the patterns of darkness to capture the mind of a society, and even to destroy testimony of a church. To place the church at the disposal of all people, without any identity of your Father, and

thus to take over your society. He wants you not as an independent nation, not as a great nation, but subordinate to his power, in the patterns of darkness. So therefore let the light shine, let the Aura come forth, let the power of righteousness, and discernment function. Let the children of God be as discerning as their Father. And therefore look at the label on the can, look at the background of the race, and remember what God has called...remember that God has ordained that you are to take possession of the Kingdom of the MOST HIGH. The saints are going to take the Kingdom, and rule over the Kingdom forever and forever. This is not only the declaration in the Book of Daniel and in other places in scripture, but it is the prophecies of the MOST HIGH GOD. So we look out over these facets of truth, and see that HE is the light of the life of men. He is the Winged Orb of the Majesty of Greatness which shines out over the heart of His people, and he shall come with righteousness in His Wings.

And so as we turn to these patterns of darkness working in our midst we must recognize that the Enosh people are not the offspring of the MOST HIGH GOD. They are created people, and they were created good and they were good, until the hours of deception of the Archangel Lucifer. They lacked the spiritual capacities of wisdom, knowledge, and understanding which God has bestowed upon your race, and which he has promised to bring forth with absolute victory. Thus all flesh shall be saved thru the work of the children of God. He said:... 'All Israel shall be saved'. and... 'I shall take away all the ungodliness of the House of Jacob.'... And we pray, Oh YAHWEH, do this quickly for we would like to get rid of the ungodliness in leadership in our nation. We would like to see the powers of righteousness reign, we would like to see the forces of truth move into power in this nation. But God has promised this and it will transpire, and actually we will see tremendous conditions in the near future when Michael the Great Archangel is going to have to defend us in a most unique way. We will have to have a quick arising among the children of spirit, against communism, and socialism, which desires to liquidate, and to destroy you from the face of the earth. So as we look into the sky and see their satellites passing overhead, and realizing that they have nuclear warheads, we again tell our leaders that they better wake up, because it is much later than they think. Thus as we say these things again we say:. 'Arise and shine, thy light has come, and the Glory of God is risen upon thee.'

I WILL DO ALL OF MY PLEASURE

by Dr. Wesley A. Swift---5-31-70

Turn to the book of Isaiah chapter 45 where God speaks out to Israel and says:--Remember me. There is no God beside me. There is no savior beside me. I am the ONE, the only one. Chapter 46: There is none like unto me, I shall do all of my pleasure (vs:10).

Thus to the house of Israel he says --Remember these things. Remember them from ancient times. And remember that I alone am God.

Of course God speaks thus to the house of Israel because they were a people who were with him in the heavens above before the world was framed. And he refers to the fact that your names were written in the Lamb's Book of Life before the foundation of the world. That we stood by and saw the creation of this earth, and the latter creation of this earth.

And then God brought his spiritual children down to earth and brought them thru the Adamic race. Then raised upon unto them his prophets and his ministers to declare unto his people his purpose and his plan, and all of his household. And now he is saying: Remember these things. Remember them these things of old, for I am YAHWEH, The Eternal God. And down thru all of these years that have passed, I alone am God, thus there is no God to the right or to the left for I alone am God.

God speaks out unto Israel, for the nations in the world have been led astray by the powers of darkness, these forces of Lucifer who were cast out of the heavens, and into the earth. And as we point out these things we want to stress that in no detail was God not able to determine the course of events that are coming to pass. We are not only assured of this by Enoch, that one of our race who was carried away on a great ship, and into the heavens, and there shown the mysteries of this kingdom of Heaven, which are outlined in the Star Bible, and explain the mysteries of the Star Bible.

He instructed Enoch as to his coming embodiment and how it would be received in the world. And HE showed him how by the method of the scientists that they should watch and wait for that certain sign in the heavens. Actually the Star of Bethlehem, that great star in its movement across the sky, as it came out of the sign of Aquila and moved thru the head of Virgo, had its start 124,000 years, even before the prophecies were given unto Enoch. And the sign now would be the curve of that famous star. In other years, there was 124,000 years in its coming out and there would be 124,000 years in its going back. And it was 5000 years before it would be coming out of the head of Aquila, when God told Enoch that this would be the sign of the birth of Messiah, the coming of the king.

When one recognizes that then that is almost a half million years as he talked to Enoch about this coming, but the star had to be started so many thousands of years before this telling to Enoch. Remember the exactness, the details of these things. Remember the former things of old, for I AM GOD. And before they happen I declare them, from the beginning.

So it is that God called to his household, and he told them of the powers of darkness the forces of evil and the patterns of world conspiracy. This is why in the book of Enoch so much time is spent talking about the forces of evil, and the cities of darkness, and the battles between the sons of light and the sons of Darkness. And

what eventually will come upon the face of the earth. These things were told unto Enoch and he was told to write these things in a book.

We want to point out to you, as we turn to the lips of the prophets, one like Daniel, who he told of the rise of Babylon, and Medes-Persia of the priests and of Rome. And the design that God had for the Eternal victory of his kingdom. And he told him of the fact that after the rise of Rome would then come the hoards of Genghis Khan and this communist conspiracy which would be the last great kingdom to come against God's people until the end of the age when the deadly wound that came to the forces of Genghis Khan when their leader died. And then this wound would be healed and we would face the rising power of the communist philosophy, which was to rise up and seek to conquer the world. And all of these things were declared, from ancient times, by the Most High. There was no question of if that will happen, for God had declared, I will do all of my pleasure and this is the way it shall be. My council shall stand and I shall do all of my pleasure.

And thus he has declared that HIS household will build an immutable and powerful kingdom. That the transitional power of the kingdom of God would meet the powers of darkness, and the forces of evil, but they would never be destroyed. MY COUNCIL SHALL STAND.

We have watched the fall of old Babylon by the forces of Mede-Persia. And even today have seen come to pass the coming of the forces of Genghis Khan and then the last great power the Communist menace. And as this force of Communism spreads out the forces of the kingdom are still there, and God says:--MY COUNCIL WILL STAND. AND I SHALL DO ALL OF MY PLEASURE.

When one recognizes this then you must admit that there is no design here for us to make friends with the Soviet Union, when that Soviet Union is operating on a program of Antichrist. There is no design saying that we can bring Peace between us and the areas of Indo-China. There is no contract that we could enter into in this area but which would be appeasement. The Lord then said with this situation then we should be arming ourselves instead of disarming.

We are going to fight Armageddon, and there is no way that people can avoid Armageddon, or avoid the battles of Armageddon, by merely wishful thinking. Or by the design of diplomatic practices to avoid these situations. The powers of Antichrist are deceitful and they design to conquer the world.

About a week ago that which they call leadership psychiatry met in Bucharest. And they pointed out how successful they had been in carrying out their design against the nations of the west. And in this discussion they talked about how they had shipped into our colleges and our schools so many instructors, here in the United States. That these people had come in as refugees into the country, but they came in to carry out several programs and ideas. And they say that one of the most important programs that they have is political psychiatry. And this would be to

destroy the strength of this great Christian nation. And they said that they thought that psychiatry was the strength of this great Christian nation. Thus they would have to start breaking it down and destroying the faith that people had in the background of their God. And in the structure of Christianity. They said that it had taken 30 to 40 years for the total infiltration into the Seminaries of America. But they had moved in so-called experts on translation, into the areas of the orbit of theology of America. And of course these are Jews who became translators of the scriptures. Of course the basic thing they do is to deny that Jesus is the Christ and make him just a man so as to destroy the faith of a great Christian nation, in the background of its God.

Turn to the denominations of America and it did not make any difference what your background was whether a Baptist, a Methodist, or a Presbyterian, in the days of the founding of our nation. This was a great common denominator anyhow. For everyone believed in the Virgin birth, the blood atonement of the scriptures, and the blessings of God was upon this nation as it grew and developed. And the church was a very important factor, in its organization.

Now we listen to the Communist as they talk about political psychiatry and they boast as to how they moved into the seminaries. And thru them they have achieved their goal as the students attack their schools and burned down buildings. And back there in Bucharest they have been gloating as to how they had been able to move in on the existing faith of a nation. And now they say they believe that 50% of the nation has now been destroyed.

Now we do not think they are successful in this 50% of the faith of a nation is destroyed. But in the areas of our colleges it might be 80%. And in the areas of our churches as it effects the denominations they may have been quite successful in destroying the fundamentals of the Great Christian faith. However God has pointed these things out, and he says, no wonder. For Satan's ministers have been transformed as Angels of light, super deceivers on the world's horizon. Those who move in to destroy the faith of a people.

But God speaks out and talks about the power of His Spirit, and how his council will stand. He will do all of his pleasure, and the spiritual power of righteousness will descend again upon the household of a nation.

There is no question upon the part of this design by the Soviet Union. When they come out to admit that their great design was to destroy a Christian faith, so as to spread the doctrine of liberalism, and socialism and communism. And they also talked about the fact that Christianity was one of the most discriminatory religions, of all religions. Discriminatory, as far as God is concerned, and as discriminatory as far as the people were concerned round about, and that they would have to bring

about a program of reorganization of Christian thinking. So that the people would be willing to adopt the programs of mongrelization and absorption of all the pagan philosophies so they would be willing to surrender their nation to a One World program, in which all religions would have an equal share. And of course Christianity would be blotted out. This then is the design of socialism and communism in this world conference in Bucharest.

We wonder then at Enoch who could see the strategies way back there in the beginning, of the sons of Light and the sons of darkness. And recognize that in this battle then the major attempt would be a battle for the mind of a people. If they could capture the mind, and take over the center of learning, then they would be able to take over society. No wonder the scripture says: "Be ye not conformed to this world but be ye transformed by the renewing of your mind." The intellect of the household of God is now descending upon the white race. And they have the capacity to produce, as God has established here the great production of our nation, with the wisdom and the guidance of the Most High.

We have become the technological masters of all times. Yet at the way they are destroying our technology today, the way they are destroying the learning capacity of our colleges, today we will not very long hold the technological mastery of the world. We will soon be going retrograde, back into a status like that of Africa, or some of the other countries. So again if we are to remain a great and powerful society it will have to be because we repudiate the powers of darkness the forces of evil, and take a stand. It means that we will have to raise up principal men, and cleanse the seat of our government. But these things are going to transpire. People everywhere are rising up and this is starting to transpire, for you can hardly go into a community to talk now but these conditions are brought up and talked about. And then God declares that these things will happen, things that have not been done thru out ancient times, but MY COUNCIL SHALL STAND.

Thus, the power of the Most High God has always declared the end from the beginning. We are already rise to the destiny that God has already declared, for his household and for his kingdom. We are not as yet working it out but we are arising as to the problem. And God is speaking out as to the reaction, for his household and his race, which he has promised and declared HE will bring to pass. And as these things come to pass, a great spiritual reawakening is going to come upon his race and his kingdom. The powers of darkness are going to be repudiated. The day is going to come, when instead of Jewry advising the President in the taking over or our economy. And instead of using the controls of Mystery Babylon to destroy our nation, Instead there will not be one single Canaanite in the House of God. The scripture tells us this in the book of Zachariah. Wrath will rise up in the countenance of my people and there shall not be one single Canaanite in the House of God. So if these things are going to develop there is no question but that we should depend on the council of God. For we can depend on all of His pleasure being literally fulfilled. And we need not fear that the powers of darkness will destroy the kingdom.

In every generation when they have sought to destroy the kingdom, God has stepped in and with miracles and results the kingdom is still there. In fact as we turn to the Book of Daniel, today we read as to how the Saints of the Most High God, the believing offspring shall take possession of the Kingdom. So many times in the book of Daniel, we read as to how we shall take possession of the kingdom, and rule over the kingdom forever and forever. For the powers of darkness, and of evil are not able to destroy the purposes of the Most High.

The fact remains that the battleground is still the battleground is still the battleground of the mind. This is where they battle first to carry out their battle of destruction, and this is where they must be defeated. So as they sought to destroy the pattern of our faith it is time that we rise up and destroy out of the heart of our seminaries these who would change the doctrines of the Christian Faith. Those who deny that Jesus is the Christ should not be permitted in our teaching facilities. We should not permit them to be in our nation or in our society according to the word of God, let alone in our seminaries, where they are called on to interpret your scriptures, as they deny that Jesus is the Christ and then carry out their patterns of darkness against us. But they have accomplished this to such a degree that they are boasting about it this week in Bucharest, in the great Communist political psychiatry convention. They claim this is one of the Great weapons of Communism against the free world.

So as we listen to these things, such as this report that a huge Russian ship is cruising right now off California waters. She is just outside of the area where it is legal for her to move, but she is spying on these United States, with all kinds of spy equipment. 4 Russian submarines have been seen to come up to her sides and they seem to exchange material and take on supplies and then disappear again on their many patrols off our shores. This does not sound like Peace, it sounds like preparations for a surprise attack which the Russians are so noted for. We see the military crying out to the government to give them a free hand to take on the reality of the situations in our nation. And yet we have seen the appointments of leadership by Mr. Nixon, who seems to have been taken over by left wing advisors to government. We are appointing men to all positions who are appeasers, in various areas of our services. They are appeasers to the Soviet Union and to the disarmament factors, even in our military. Those in the military who are involved in this battle are calling for the Congress to once more use a firm hand to reestablish our military, and give the authority to our military leadership instead of taking on so much of this left wing mentality. And no where is this so well marked as when they have been forced to take in so many Negroes who lift their hands in a clenched fist salute like the Soviet salute. All of these things are breaking down the moral of the Marine Corps, and in the military and the leaders are speaking out against this. Many of the Military are resigning so that they can speak out and attack this structure of the darkness.

So as we see these things come to pass we realize that we do not have a lot of time, for we are going to see God's hand move in for the deliverance. But we do

know that His Council will Stand and HE will do all of his pleasure. And we do know that he declared the end, from the beginning. And when he talked to Enoch way back there, about 5000 years before the coming of The Christ, He told him about these things which would come to pass and these conditions that we are having as a nation today. Then he talked about the awakening of that society, and the utter cleansing of that society, and the liquidation of the powers of darkness and the achievements of God's kingdom. Thus as we see the one factor, we can also see the other as God carries out His design.

There is no question that we are in the climactic pattern of the latter days. And we should take careful note of how the Soviets in their Bucharest convention have boasted about how they are bringing about revolution in America. Setting us up for the final state when they think, they are going to take over. It is time we alert a nation that just because some have been able to control the areas of communication that they do not represent the great majority of our society, which shall rise up in the name of God, in the name of Christ and drive out these powers of darkness.

There is no room in the program of God's kingdom for mongrolization, and appeasement. For God says that you are to come out and be ye separate and touch not the unclean things so that I can be a father unto thee, and to thy children after thee, in all of their generations. There is no room for the moralities and the patterns of ignoring the laws of God, or the background of the scriptures, or the most important thing, the identity of his Deity. Upon the deity of the Christ, the arch and keystone of the Christian faith hangs the entire structure of the Christian church.

"He said: I YAHWEH AM THY YAHSHUA. I THE ETERNAL GOD AM THY SAVIOR."

If we deny the background and the deity of the Christ, then we have no relationship that belongs to the Eternal Savior the God of the Household of Israel. So as we see these things come to pass there is no question but that we will see a spiritual awakening coming and as we send out our tapes we find interest in all denominations, in this areas of truth. And we find people in organizations and places where you would never have thought you would find interest, but now they are looking for biblical answers to these many questions. So as we see these things come to pass we turn to our faith and lift up our heads, and we say: Lord Jesus come quickly.

There is no question that Michael is standing by with superior forces, and the intent of God is to bring about a tremendous victory for the nations of his household.

So----MY COUNCIL WILL STAND, AND I WILL DO ALL OF MY PLEASURE. And we who are of his household are to remember that he foreknew us before the foundation of the world. HE predestinated us with the sovereignty of Will, the absolute sovereignty of Divine will that cannot be shaken, to conform to

His own image. And those he called he hath already justified in the vast pattern of time and history to purpose these things.

We have already been blessed with all spiritual blessings in heavenly places, and HE promises once more to pour out his blessings upon his household. Thus we lift up our faces and we pray for the speed and the experiences of this time. For we remember how he said that when he comes he will separate the sheep and the goat nations and will say to the sheep nations--RECEIVE THE KINGDOM PREPARED FOR YOU BEFORE THE FOUNDATION OF THE WORLD.

SHARPER THAN A TWO-EDGED SWORD-----6-12-70-----DR. SWIFT

The word of God is sharper than a two edged sword. Timothy is told to preach the WORD, and preaching the word and calling the attention of the people to The Word is one of the most important things that can take place. When we go back into the background of the ancient patterns of time we discover that the white race has been on the face of the earth approximately 7400 years of time. And when HE planted them here he placed them here to be the receiver of HIS Kingdom. After all the powers of darkness, and the forces of evil have been arrayed against this Kingdom, but God not only outlined the plan of his Kingdom and the program of His Kingdom, but he who created the heavens and the earth----HE who has been in that creating process for eons of time transferred from heaven to earth the spiritual destiny of His Kingdom.

Actually this Adamic race, the heirs of the Kingdom, were with the father before the world was framed. There we thought, we dwelt upon the concept of the Most High God. One of the patterns is that there is a vast difference between the program of God's Kingdom and the program of the world order. For the world order is the sum total of all those forces which are arrayed against the program of god's Kingdom. The difference is that the world order established by Lucifer was established on the processes of transgression and sin. And sin is the sum total of the violations of the laws of god, it is just as simple as that. The Luciferian design was the establishing of a program of violation, seeking to bring down the destruction of God's Kingdom, or any of the laws of God in operation. Actually of course, the Kingdom of God has only been here approximately 74000 years, and the Luciferian Kingdom hoards have been here ten times that or more, for we do not have an exact time for the rebellion of LUCIFER. Sometimes this will be brought to our remembrance, but we don't have the exact time of this great rebellion by Lucifer. WE do know that 74,000 years ago the negroes were buried in the caves of Africa, and we realize that the negroes came in on the ships of Lucifer, and that they were

used in Luciferian battles, but we don't know just when the Luciferian battles began. But we do know that the Kingdom of God has been here for so long, and that the Kingdom was established by the law of the Most High God. That it was to be established by a people who had knowledge, wisdom, understanding, and truth. Because they were spirit of his spirit, and light of his life, they could understand the wisdom and knowledge of the Most High God. Whatsoever he designed to transfer to their consciousness and intelligence he would be able to do because of that. Through the word to the Patriarchs, as he gave His holy word to them and thru the process of the prophets he transferred his word. In fact in the old testament when the congregations of Israel were called forth, the Kehilla, or the church of the Old Testament became the oracle of God. It became the holder of the oracle of God. It became the very vital carrier as it had the word of God, it taught the ordinances of God, the worship of God, the processes of life, and of living, and how to occupy and to develop the programs of earth. All of this was in the wisdom of the Eternal---Most High God. Therefore again, it told them how to sow their fields, how to raise their families, how to manage, and maintain their economy, how to maintain, and to protect their race. How they were to separate and segregate their race from the races of the world order. They were not to absorb, not to mongrelize. The world order lacks the capacity to understand the word of God. The children of the Adamic race, and this household of God heard the word of God, and this has continued down thru all their destiny, thru out all their time. In fact in the ministry of Christ we discover that the powers of organized Jewry whom Jesus said were of their father the devil, didn't have the capacity to understand what he said. They could hear his speech but they couldn't understand what he said. And when they sought to, by process of confusion to identify themselves with him---they said:---"We have one Father, even God", but when they said this Jesus replied to them:---"If God were your father, ye would receive me". (John 8:42) Jesus said in other words---you aren't going to put this brotherhood over on me as a process, because you do not have a common father with me---but a different background altogether. So it is we see that they have no capacity for the wisdom of God, or a spiritual capacity of understanding.

The process of their moving in on the Kingdom of God has been constant. The Kings of Israel who studied the word of God and abode by the instructions of His word, raised the nation of Israel to great heights of prosperity. But those who headed the instructions of the enemy, and didn't listen to the concepts, and purposes of the Most High brought the catastrophes which descended upon the nation of Israel, as it did in the days of Rehoboam, upon the household of Israel.

The word of God after all is the most important thing---after all God is Omnipotent, and he is Omniscience, he has all power, and all knowledge, and all wisdom to bring all things to pass. And God is going to bring all things to pass. HIS word is the process of how he is going to bring all things to pass. His word is the process of all things which he is to undertake, and is the fullness and fulfillment of all prophecy, because it is the declaration of what is coming. After all as we look out over the conditions of the world today we have the word of God to go by. The word

of God is positive, and it is sure, and we understand the voice of prophecy as we see these things transpire, whether they be earthquakes, or battles, or wars, or times or measures, but they come to pass exactly as they have been indicated inside of the scriptures. And in the gathering of Israel, in the formation of his race, he gathered the household which had the capacity to understand his ideas. The spirit of God therefore has only one necessity, and that is, that the Kehilla, or the church of the old testament, or the ecclesia of the New Testament had the responsibility of spreading the word of God. Because as they spread the word, the word is the seed---and it bears fruit in the children of the Kingdom as they are brought in contact with THE WORD. They are activated in their spirit, and they respond. They are activated in their spirit, and they respond. More than this, the word of God therefore is the secret of their knowledge, wisdom and understanding. When we founded this great nation of ours we came----Nordic, Basque, Anglo-Saxon, Scandinavian, Germanic and Lombard---kindred people, and we came with The Christ as our Saviour. We came with this knowledge of ONE God, with the knowledge of the Kingdom, and we became a Christian nation. Even the supreme court has been forced to acknowledge the fact that we are a Christian Nation.

Now the greatness of this nation came from the fact that the church was the spiritual center of the Kingdom, and it was quite active at that time, and was the keeper of the word. And the Word was the process by which people understood what they were to do. Their conduct, their background and the integrity and morality of their society was established by the Word of God. More than this they didn't design to inter-marry with other races. There was no design to violate the Word of God, or to absorb other races of Africa or Asia. In fact in those days our forefathers of the United States and Britain seemed to recognize that they had a great program of colonization, and they had operations in which there was destiny to perform. But they were never given an operation in which they were to absorb the other races, they were to rule them, and to bring upon them the patterns of Divine Law, and to stamp out cannibalism. But they were never to share, mingle, or mongrelize their society. The patterns of the other races involved all the patterns of other religions and backgrounds of those races, and of demons and devils,----But after all we have the declaration of God:----"There is no other God beside ME, I know not any." Besides this these people were serving other patterns of other Gods, and we were never told that we were to absorb other Gods, or to join other people in Universal brotherhood. Or to unify other races and religions. We were told to rule and to reign, and to establish with spiritual power the supremacy of god's Kingdom. If we were to continue to follow the blueprint of the Word of God, we were to understand that the children of the Adamic race, these children of the Kingdom, are to take over with the Kingdom of God thru out the world. We are to build strong armies, we are to build strong defenses, but we are to take over these powers of darkness, and bring these people to a subordinate policy.

For every knee shall bow, every tongue shall proclaim that Christ is God. We know this is Ultimately coming, and we know that when we are participating in this program that we are carrying forth the objective of the blueprints of the Word of the Most HIGH. The concepts of trying to equalize our society, or to absorb the philosophies and the background of other races, and societies is a fallacy. We have the word of God----Sharper than a two edged sword, which is one of the most powerful weapons in our society.

The enemy realizes this and that is the reason he comes into our nation and seeks to eliminate the Faith in the Word of our God. Sought to eliminate the Christian Faith from the background of our nation. As we point these things out, we recognize that we have been told to follow thru, and preach the word of the MOST HIGH. After all we are the children of the MOST HIGH GOD.

When we read the 82nd., Psalm, we are thrilled----"Ye are Gods, and all of you are the children of YAHWEH". In other words ye are the children of god, therefore ye are Gods, because ye were begotten by God. We are the christened people----Embodied Gods having come from heaven to earth. And Jesus makes a statement to organized Jewry which is also very clear as to who they are.

"No man can ascend into heaven but they who came down out of it". And as such we were brought into the world, not to see whether God can get us back, for we know that he can do that, and he has told us that All Israel shall be saved. He talks about the patterns of this, and as to how he established us here to build the Kingdom, to preserve the Kingdom. He has told us that in the hour of His coming He will say to the sheep nations:-----Receive this Kingdom prepared for you from before the foundation of the world.

If we were to use the intelligence we possess today, we would select the leaders to guide our nation from those who believed the word of God, who are active in the spiritual center of His Kingdom, and are a part of his church. Actually we should have no one in the United States who is not a Christian-----a true Christian, and we should not permit a people to come into this household who are not of our race and our Faith. Nor should any of the nations of Israel do this. This is one of the great areas of error which transpired in the old testament days, as well as the new, that these people came in and caused so much catastrophe and problems, in the house of Israel. Actually the president of the United States and all those officials in the government should be listening, and taking their guidance from the word of God. If they were taking their guidance from the word of God they would realize that Soviet Russia is building up their military capability to trick the U.S., and to join the pattern of all Asia, and the powers of darkness, and suddenly to attack us, to try to take us over. this is the word of God, and His Word is absolutely true, but he does tell us these things are coming to pass, but they will not be successful. However, we are told that in this hour God promises the total destruction and the breaking down of this evil power. He tells us that such a battle will lead to what we call the battle of Armageddon, a universal battle of all the pagan powers against God's Kingdom.

You don't avert this by sticking your head in the sand. You don't stop this by acknowledging the enemy, and stopping our defense. Actually we should be beating our plowshares into swords, and our pruning hooks into spears. The Bible tells us of the coming of this northern army, and how the army of the Most High should be built up, to stand successfully in that hour. We don't have to worry about the capacity of our race to defend ourselves, even because of the vast number of our enemy, because of the assurance of the MOST HIGH GOD. We have His Word---- sharper than a two edged sword that is in our hands. We look out over the masses of people and we recognize that God told us in the book of Isaiah that he would give us a sharp threshing instrument, and he did just this, for he gave us the mastery of the Atomic weapons---short, sharp threshing instruments, he has done this so that we could put down the huge masses of the world.

But then we permitted the sons of Lucifer to come in, and steal our atomic secrets, and they started to build weapons in the Soviet Union. And so the weapons which were our sharp threshing instruments (Isa: 41:15) we have shared with the enemy. And so today it is not just the utilization of the mass of small arms or the masses of people with small arms, but it is now their coming with atomic weapons which is the grave danger. Again God said:----No weapon formed against you shall prosper, and he has absolutely assured us by his Holy Word that victory shall be carried out. He has promised us that Michael the Archangel will come to our defense again as he came when you were with the father before the world was framed, then he came to the defense of the program of the Family, and then he threw Lucifer out of the heavens. The tremendous armies, the tens of thousands, times tens of thousands of the great ships of the Most High which are described in the book of Psalms, and referred to in the scriptures come to your defense. Mighty hosts out of the heavens which can appear instantly in the courses of time, are due to come to your assistance. Of course these things are hard for people to believe when they don't see them with their eyes. Some see unidentified flying objects, and are more concerned that others with these objects are around, but most do not believe unless they see things with their eyes.

Again we need the repetition as the prophet said:---O, God open the eyes so that my servant can see.----Then we could see the mighty hosts of God surrounding the program of God's Kingdom and see how they are getting ready to manifest themselves again.

After all the scripture tells us THE LORD SAID:----"I will yet be inquired of to do this for them. (Ezekiel 36:37)

**Thus when the powers of the Most High are asked for---when people pray----
"LORD JESUS COME QUICKLY"----with intent and with design and desire,----
when it is more important that he come quickly than that the things they have in**

their hearts and minds which they would like to do----when they recognize that the defense program of God's Kingdom is the greatest development which could take place in the earth, then they will pray:-----"LORD JESUS COME QUICKLY"---- and mean it. This will be a great day for deliverance for our society, for we are very close to these climactic results. The spiritual power of speaking THE WORD, is having its effect. It is causing them to turn to the right wing once again, to stand and to be counted. And we have more manifestation today of Liberalism among our Senate, among our congress-----of these men who have sought to build their own careers at your expense than ever before. And they are seeking these false concepts of peace, and of disarming ourselves while the enemy doesn't not only disarm, but prepares to destroy.

So as we see these patterns again let us remember that the Word of God is the most important factor, for our protection, it is absolutely dependable. There is nothing which you can add to the Word of God. It is going to be a tremendous battle which comes against you, for it comes for the air (T.V. and radio) it comes from the sea (the people of the world order) and it comes from every side. This development is not to frighten you, this is just that we might be ready, with proper prayer, with readiness of heart, and with counter attack, and by moving against the enemy, for we are going to be a victorious people. But the strangeness of this hour has been by the process of trying to separate the people from the Word of God, and separating the nation from the Word of God. Saying that we need no spiritual influence in any of our candidates politically because this world not be separation of church and state. But we do not want separation of church and state, we want separation of all of these powers of darkness from our nation, and our land. We want them out of our land. We want the tares taken away, and when that comes to pass we will see the greatness, and the power of America restored. This cannot come to quickly for the good of our society.

When it comes to the patterns of absorption and mongrelization of design, of the laws of god which are all being destroyed under the principals of trying to modernize our society, when they talk about equality with the negro, we don't want equality----we don't want to give the Negro our place. We don't want to absorb the negro because he lacks the spiritual capacities that are necessary for the inheritance. So the thing to do is put him in his place, and that is to send him back where he came from. But one thing we have been told very clearly is that God wants us to separate ourselves from all the peoples of the face of the earth.

So again as we lift up our face to whence cometh our strength we pray:-----"LORD JESUS COME QUICKLY, EVEN SO COME LORD JESUS."

THE PATTERNS OF REVELATION-----6-14-70-----Dr. Swift

We are thinking of the patterns of Revelation---thinking of the day the angel came to John and said:----"Come John and I will show you the great whore who sitteth upon many waters. And with whom the kings of the earth have committed their many fornications." And John discussed this very thoroughly and he says:-----"He carried me away in the spirit, and I saw a woman sit upon a scarlet colored beast, full of names of Blasphemy, having 7 heads, and 10 horns." (Rev. 17:4) And this is Mystery Babylon the Great---and "I saw the woman, and she was full of the blood of the Saints (believing offspring) and with the blood of the Martyrs of Jesus the Christ, and when I saw her I wondered about her."-----"And the Angel said unto me, wherefore didst thou marvel?---I will tell thee the mystery of the woman."-----The seven heads are 7 kingdoms, on which the woman sitteth. There are 7 kings, 5 are fallen, one is, and one is yet to come; and when he cometh he must continue a short space. Then the 8th., is to come out of the 7th., And he talks about how these 10 horns are 10 kings who have no kingdom as yet, but will rule with the beast system for one hour, in the attack of the Beast upon God's Kingdom. And then comes the end of the age.

But in these circumstances as this was spoken of---here this woman---mystery Babylon---you are speaking symbolically of something which is inside the Kingdom of God. And we have also inside the Kingdom of God a status of society which is called----"The New Jerusalem", and this New Jerusalem is the Great city of God. It descended down out of heaven, down thru Abraham, Isaac, and Jacob and on down to our time. Our own book of Revelation tells us that the New Jerusalem is made up of the people of the 12 tribes of the children of Israel. Then we have the Satanic beast or the "City of Lucifer----Mystery Babylon the great, the mother of Harlots, and the abominations of earth." (Rev. 17:5)

As the city of the Living God is made up of His offspring, His household who are Elohim, or the children of YAHWEH----so also is the power and the majesty of the Luciferian city of mystery Babylon made up of the offspring of Lucifer, and the powers of their viciousness, their evil, and their corruption is well seen. Therefor we have the ONE---the city of God, and the Other, is the city of the Devil.

It makes one think again of the book of John in which the enemies of Jesus were arguing with Jesus and they were trying to modify Christ's approach to identifying who they are, and they said:----Look, we have one father, even God, so we are brothers to you. But the Christ said:---Now, if God were your father, ye would love me, but ye are of your father the devil, and the lusts of your father ye will do. He said, you can't even understand my speech because you have no spiritual capacity for understanding. You are full of this area of destruction from your father.

So we look at this again:----7 kings, 5 are fallen, one is and one is yet to come. The power of the beast (world order) is two fold, it is not only ecclesiastical with all the power of darkness, and all the forces of evil which is anchored of course from ages past, even before your race came to earth. The patterns of Buddhism, Hinduism, the backgrounds of all the patterns of darkness, of Yogism----that we see sweeping

out of the portions of Asia, and as we go down thru the powers of darkness and the forces of evil, we find the devil worshipers of Africa. all these powers are a part of Babylonianism, false religions and pagan philosophies. And these pagan philosophies, with their false patterns of immorality, degeneration, and depravity, all of this is the process of the children of evil, and the background of the household of evil. After all---the program of Lucifers Kingdom is a world order, and this is a program against the program of God's Kingdom. There is then---the program of God's Kingdom---and the program or world order of Lucifers Kingdom----and the sum total of the world order is totally in opposition to God's Kingdom.

Again the word sin---sin is a violation of Divine law, and Lucifer operated under the violation of Divine law. Therefore as we turn to this Mystery Babylon the Great, the Mother of Harlots, and abominations of earth, it says she is guilty of all the blood of the Saints, and all the martyrs who have been slain in Christendom upon the face of the earth. And so we turn back to the scriptures and we find that these 7 mountains are 7 nations or kingdoms-----1. Egypt, 2. Assyria 3. Babylon, 4. Medo-Persia, 5. Greece, 6. Rome. At the time of the revelation to John, then Rome was still in existence, so 5 had fallen, and one is---was 6, Rome. And then the 7th., was yet to come, and the 8th., would come out of the 7th.,

Now:-----the taking over by chicanery, and the movement into the structure of society, and the control of these Empires was a part of the riding of the Beast. And the Beast system is a deceitful program seeking to take over the nations of the world, and in their program seeking to taking over the nations of the world, and in their program for the world, at the same time to level all of the assault and all of their attacks upon the program of God's Kingdom. So the 7th., would come out with a great attack upon the program of God's Kingdom. This would be in the time of the migrations of the tribes and their settling into their allotted places in Europe. And thus this would be the hoards that came with Genghis Kahn. They conquered the areas of Samerikan and the areas of China, and then brought him across thru Persia, and hurled the hoards into the attack against the hour of Israel, in Europe. They were basically attempting to destroy Christian civilization and the treasures of Christendom. And they were doing all of this in league with the powers and forces of darkness. Organized Jewry was the power that opened the doors of Europe for Genghis Kahn, and his hoards. Again---organized Jewry---and the sons of Babylon are ONE AND THE SAME. We want you to realize that, as God leaves this so well marked. The hoards of Genghis Kahn almost conquered the white race, and their civilization but this wound to the Beast system upon which the woman rode was the striking down of Genghis Kahn----by Our Father, and this ended that try, as they carried this fallen warrior back to Lassa to be buried. And it appeared for a while that there was no Beast system that Jewry----Mystery Babylon rode upon, but still the 8th., was to come out of the 7th. And the 8th., is world communism, and thus world communism actually took over the areas of the Russia out of which Genghis Kahn and his hoards came---out of that area which they once possessed, and communism took over and spread out to control all that area once again. Then----it seriously moves into the nations of the world, and into the Christian nations seeking

its program of conquest. It remains as the 8th., and last Empire upon which the woman---these powers of darkness, and the forces of evil ride, or seed to move with areas of great power.

Now:---this 8th., beast and the woman on the back of this world system move with false doctrines, and pagan attack upon the true religion, and they are also economically involved as well. For economy had been one of the great weapons of Mystery Babylon the Great, and thus is economic as well as religious in the attack upon the program of God's Kingdom. So under these circumstances----again----the spirit of god speaks to John and said:---Now, take a good look at this woman, for she has become the habitation of devils, and the hold of every foul spirit, and every unclean bird upon the face of the earth.

Now:---we know that the Jews are devils because Jesus said they were. We know that Mystery Babylon is their inhabitation, and they are in the economic field as well. And Jesus said to you:---"Come out of her, O' My people, lest ye be partakers of her evil deeds and her sins."----Now the kings of the world have not only partaken of her sins, but even economically they have partaken of her power. And then he goes ahead and explains the design, and the control of Mystery Babylon the Great. This is the organization of every trade, the organization of every trade union, every business they can absorb, the policy of establishing control of all money systems, with control of the use of gold and silver and jewelry,. And at the same time the harnessing of practically all the production in the whole world. At the same time they move out economically to dominate and to gain control of all the world.

We have the words of John in his second Epistle to the Elect Lady and her children, for he says these people who deny Jesus is the Christ---they are Anti-Christ. So you don't let them in or they will take away all that you have wrought. Don't let them in or they will take away as spoil all the things which would normally be your reward. I want you to realize that you have permitted these people to come into the United States, you have permitted them citizenship, you have permitted them to move into areas of importance in your society, until they have taken over your economy. You don't have any gold or silver left as they have taken away your treasury. They ran with the gold and the silver to Switzerland, and then to Israeli, and you have no gold or silver left in your resources.

But this is just a part of the strategy of Mystery Babylon. This week we saw a rather new, and unique development, for in Switzerland the people who are true Swiss decided they must band together and put out of their society these people who just come in to operate the banks and the businesses, or they operate in the areas of false economy. And then when the money is loaned out and the money is all used up, they move out, not leaving any of the basic supply of money that apparently had

been utilized. So, under these circumstances the House of Rothchild became one of the biggest areas of discussion this week inside the land of Switzerland. And they said the Jews were going to have to get out as they were not going to let them ruin their banks anymore. Because they have been running from Switzerland with the gold and silver, the Tele Aviv, so before Switzerland goes absolutely broke she has to return the structure of her economy back into the hands of the Swiss people. So you see again the same thing moving on this Christian nation, for if you do not keep out these people, they will take away all the things that are yours under this pattern of Babylonianism economy.

We are under the strange pattern of this Babylonian economy alright because Mr. Nixon was told the other day by a committee which was studying what to do, that if he did not come out with a program of complete relief for all the cities there would be chaos. Just yesterday Mayor Lindsey of New York City, and some others of the big cities who were in this council that if Mr. Nixon did not come out and supply all the patterns of relief and all the money and all the development of housing and so forth for the cities, that the cities will have revolutions, with mobs running in the streets, and burning of buildings, and looting. And then they actually had the nerve to say you will be earning these things if you do not come up with the money somehow.

The pattern remains that the money is long since gone, and we have now extended our debt limit to 395 Billion dollars. This is what we owe, but we don't have the money anymore for the gold and silver is gone, the private banks which continue to operate anymore, are basing their operation on your production. Therefore they can loan money on production, and they have to take the money back out of the areas of production. But the Federal Reserve Banks will not loan the money unless they get high interest rates. And so we are in areas of serious problems in America.

Now:---the United States government has to go to the Federal Reserve Banks which are a part of Mystery Babylon the Great, they are the private Banking system of Organized Jewry, and they have to borrow money from them to finance all the operations being voted for in the congress. And therefore the U.S. has nothing left in her treasury, so she has to borrow from the Federal Reserve system to have money in her treasury for operation. And now they even threaten the President every day, saying, if you don't go along with this scheme, and this one, then you are in for revolution, and rioting in the streets, for all this blood mess---you deserved, unless you do all these things.

But the scriptures tell us that we are about to see some strange situations, some strange things happening here in our land. The people of God are getting angry about this situation, and John said that:---"A mighty angel took up a stone like a great millstone, and cast it into the sea."----And thus the program of God's Kingdom is going to take a hold of mystery Babylon, and drop her into the sea. And when she drops Mystery Babylon with her economic system of theft and her desire for usury, and all the programs of exploitation into the sea, then it says that the

noise of the harpers, musicians, and pipers---all the trades, and craftsman, and all the programs of trade they operated, and exploited under the program of Mystery Babylon the Great---will fall.

(Rev. 18:21,22) And god said that the Saints of the MOST HIGH, the children of the MOST HIGH, will rejoice. And under this program as the corruption and destruction of Mystery Babylon's economic program of this mysterious, invisible earth---merchants, who deceived all the nations---and all of these great men are now charged with all the blood of the righteous who have been slain upon the face of the earth. This you are told in chapter 18 of Revelations.

In the 23rd., chapter of Matthew, we find that Jesus has been talking to these scribes, and Pharisees who are of organized Jewry, and as he describes them he says they are like white washed sepulchers. And he tells them that they have murdered all the prophets God has sent to them, and then Jesus tells them that they have murdered all the prophets God has sent into the world. And Jesus tells them that they are guilty of all the righteous blood shed upon the earth, from the blood of righteous Abel unto the blood of Zacharias, killed between the temple and the Altar. Jesus proved as he spoke here in the book of Matthew that Organized Jewry with its Ecclesiastical control and Economic power was guilty of all the martyrdom of all the prophets from Abel, who was killed by Cain, right on down to Zacharias who had just been killed here in the time of Jesus.

Now, therefore, in the 18th., chapter of Revelations the scriptures therefore declare that these people are guilty of the blood of all the righteous people slain. Proving that these people here and the ones Jesus talks about in the Book of Matthew-----are one and the same.-----"These are the Babylonian great men, thy merchants, who deceive all nations."

Now:---Babylon is falling and we are facing this situation right now, every community is reaching for money to run their schools, and their other operations. And the strange situation is that this pattern of revolution which turns to vandalism, or burns down the schools, then it costs millions and millions more dollars to run the schools, to rebuild and repair that which is destroyed by this so called revolution. The community then has to turn to the county and the state has to turn to the Federal government to see who is going to pay for all this destruction. The state doesn't want to increase taxation because those officials will be blamed, then the areas of administration would be transferred to others, and the country doesn't want to raise taxes for then the county officials would be blamed. But the revolution burns the schools and then they come back to you by way of the ballot for money to replace the destruction, and the tax payer votes---no. The tax payers aren't going to put up money for bonds which covers them with heavy debt, to have the enemy then turn around and burn it down again.

So now all are running out of money for education, for relief, and they are running out of money for every operation of administration, and the local, and state then call on the Federal Government for help, but the Federal government doesn't have any money except it comes from the people. So the only way the Federal Government can get this money is by some process of taxation, or by extending increased debt, far out into the distant future.

Just as long as Mystery Babylon can see a way of controlling property, just as long as Mystery Babylon can dominate society---which puts you into slavery, they will permit you to pass it on, in debt---which they will support. But now we find that even Mystery Babylon is faced with the fact that since we have reached the debt of 395 Billion dollars, that Mystery Babylon doesn't see a way to make a profit to them, in this. Thus, now the Jews---men like burns are crying, they want us to go into a world bank, to submit completely to her program of HELL, that would control the earth. But I want you to see that we are about to witness the fall of Mystery Babylon the great. And this will not economically hurt you, no more than you have been hurt already. The process of finance is no longer sound as to the background of money, and the people will not starve to death. They have the material that production can produce, and they are about to seize, to take away the power of Babylon to control their economy---ever again. You are going to see one of the greatest programs of deliverance---economically---in America---as God drops Mystery Babylon, like a millstone into the sea."

And the Saints of the Most High God will be rejoicing, and will be glad for the power of Organized Jewry will have been finished.

There can be little question, as we approach the climax of this situation, for we will stand and wonder, as we see these things take place, and we will realize that the hand of God is still upon his household, and upon his people. For God will supply the needs of his people, and he will re-awaken, and return them to the standards of the economy of His Kingdom. So as we see this program of Mystery Babylon the great, we see that it is a Mysterious power, it is a Satanic program. And as a control of darkness, it has turned to its last objective. It can no longer control by economic control, then the design now is to utilize the strength of Military power, and quickly conquer you. Subordination, and taking over, and confiscating by military power, and death and liquidation. This is why Anti-Christ moves into Armageddon at the very Climax at the end of the age.

But this will not be successful either, because God is standing by with Michael the Archangel, and with the hosts of heaven. With the tremendous fleets of heaven, and with ten times then ten thousands, times then thousands of the chariot of fire, to aide the household of His people. He promises you victory, and he calls on you to wake up---to beat your plowshares back into swords, and your pruning hooks into spears, to stand off that northern army. But remember that God has promised us deliverance, and deliverance for our nation.

So you therefore as you look upon the fall of Babylon, let us say:---let her fall. Let us not in ourselves worry to much about the economic problems of Babylon----but let us return to the economic standards of God's Kingdom. Out of the program built around just sets of weights and measures, we will discover that there are statuses of economic immunity to this nation, in the program of the Most High God.

All the patterns of false religion and evil economy stand with Mystery Babylon, the Great under the program of the children of evil.

While the program for the righteousness and truth, stand under the program of--- "The New Jerusalem", which descended from Abraham, Isaac, and Jacob until your time, and now-----

IS ABOUT TO BE REVEALED.
